Say Strikes Will Continue If Rebels Don't Stop Fight Against the Sultan

MANAMA, Bahrain (AP) — British jet fighters attacked rebel Omani tribesmen again today.

Rocket shooting Venom fighter-bombers blasted an insurgent concentration at Tanuf, in the Nizwa area.

It was the third Royal Air Force fighter strike this week, as Britain appeared determined to crush the revolt against the pro-British Sultan of Muscat and Oman.

"If the rebels don't give up," a responsible British source said, "the air attacks will be increased considerably."

The first strike against the dissident tribesmen was carried out Wednesday and followed up yesterday.

The RAF said its venom fighter-bombers hit an apparently empty fort used by the rebels at Izki with cannon fire and rockets. Yesterday's raids struck rebel headquarters, barracks and other buildings in the Nizwa area.

Foreign Secretary Selwyn Lloyd told Parliament in London that only military targets had been attacked by the RAF and only after advance warning was given.

"So far as we know," Lloyd added, "no casualties have taken place."

But in Cairo a spokesman for the Omani rebels said the RAF was continuing to shower bombs and rockets on Nizwa and declared "many civilians were killed and injured."

Mohammed el Harsy, representative of the rebel religious leader, Imam Ghalib bin Ali, said British planes made 24 sorties over Nizwa yesterday and that houses were hit.

## Truck Hits Building As Brakes Fail

Stopping for a cold root beer was a sudden stop by Darwin Hendry, 27, driver of a truck for the Anchor Milling Co., of Tuscumbia, about 12:20 Friday when his truck crashed into the A and W Root Beer stand, Hendry, shook up, settled down to the wreck with a big glass of root beer.

Hendry reported he had a load of about seven tons of feed on his truck and that his usual stop is made at the Root Beer stand before returning to Tuscumbia. He said he turned the corner off of Broadway onto Emmett and his brakes were working, but as he turned in to park on the west side of the stand his brakes failed.

The truck kept rolling and the top of the truck body struck the protruding portion of the roof of the stand. So hard was the collision it twisted the roof, shook up the building, putting cracks around the top and all way around the building. Partitions inside the stand buckled but did not fall and were also cracked.

Miss Pat Hart, 15, of 1721 East Ninth, a car hop at the stand was getting an order at the front window as the truck came in. She said she saw the truck coming, thought at first it was going to stop, but then it came on and it was too late to do anything. A metal chair in front of the stand was knocked over and against her, but she wasn't hurt. The truck bumper stopped less than an inch from her legs.

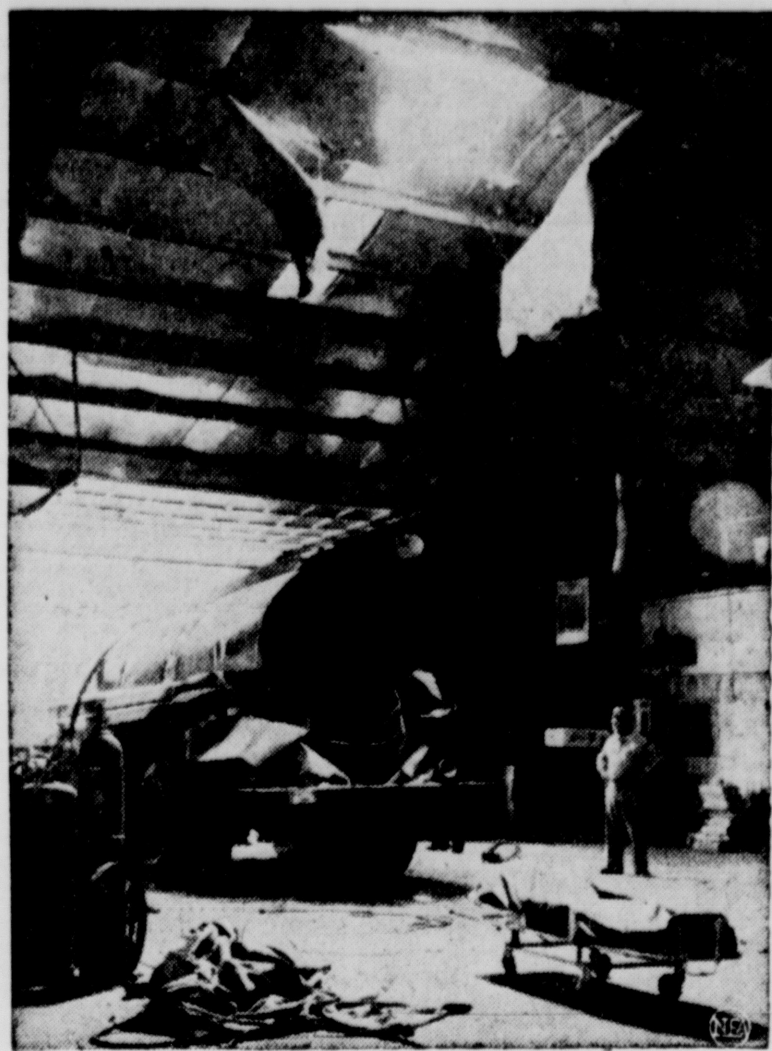

Eugene Knothe, owner and operator, said the truck was carrying a load of feed.

## Cancer Link Is Reason

## FTC Will Get Tough On Cigarette Claims

WASHINGTON (AP)—The Federal Trade Commission said today it is adopting a tougher attitude toward cigarette advertising claims in the light of possible links between smoking and lung cancer.

Acting FTC Chairman Robert T. Secrest told House investigators that a formal Public Health Service statement July 12 dealing with smoking and health "calls for a fresh approach" to the job of policing the tobacco industry.

As the first step in tightening the rules against what he called deceptive advertising, Secrest disclosed the FTC has given priority to a survey to learn whether smokers understand the meaning of cigarette advertising claims.

"The results of that survey," he said, "will enable the commission to take the necessary steps to protect the public from deception in the labeling or the advertising of cigarettes to the fullest extent of the laws, the commission enforces."

The commission is charged with policing business and enforcing

## Achievement Day Exhibits

## 4-H Council 'Open House' At Cafeteria on Thursday

Open house sponsored by the 4-H Council, of which Glenda Rhoads is president, Thursday night at Smith-Cotton High School cafeteria was attended by 4-Hers during the evening with much interest shown in the Achievement Days exhibit.

Although this was not the largest exhibit the 4-H Clubs have presented it was of excellent quality. Smiling junior leaders welcomed guests at the door where they registered and 4-H members were near all exhibits that they might answer any questions asked by the guests.

The 4-H junior leader girls served punch and cookies during the evening from a table attractive with a white linen cloth and centered with an arrangement of Picardy and white gladioli in a glass bowl. At either end of the table were large 4-H emblems of bright green oil cloth on which the punch bowls set and napkins also had the 4-H emblem. Huge round trays held the cookies made by the 4-H families and adult leaders prepared the fruit punch.

Mrs. Jack Alfrey was general chairman of the committee making plans for the open house with

## Approves Schedule for Conducting Supplementary Highway Program

A tentative working schedule for carrying out the supplementary phase of the state highway program during the fiscal year which began on July 1 has been approved by the Missouri State Highway Commission. The approved schedule lists a total of 1,635.7 miles of roads which are to be improved as conditions permit. An estimate of their cost is placed at \$24,635,977.

The Commission earlier approved a tentative working schedule for the primary system phase of the year's program, with that schedule listing estimated cost at \$26,527,000 for activities extending over 371.3 miles of roads. Similar schedules also have been developed for the current year on the Interstate System and for urban areas.

Construction of one or more supplementary routes in every county in the state is proposed in the tentative supplementary program just approved. Commission officials emphasize, however, that in many counties the program in-

## Storm Strikes In Japan

Takes Toll of 253 Persons, Over 800 Missing in Flooded Section of Island

TOKYO (AP) — A violent storm which in 24 hours dumped 29 inches of rain on low-lying, thickly populated areas of Japan's southern-most major island left at least 253 persons dead today and more than 800 missing or unaccounted for.

There were 106 known injured. Tokyo newspaper correspondents radioed from the flood area on Kyushu Island that at least 1,000 persons died in the city of Isahaya, 15 miles northeast of Nagasaki, and that scores may have perished in Omura, a port a few miles away.

A reporter who flew over the area said Isahaya, a mountain-ringed city of 57,000 looked "like a new sea" with only a few high points and roofs visible above the water.

"It seemed like someone had dumped the contents of a lake on us from a giant barrel," said one Isahaya survivor who was dragged to safety from the debris-choked river that flooded and poured over the city.

Railroads were washed out or blocked by landslides. Highways were closed. Thousands of homes were washed away or flooded.

The 29-inch rainfall was one of the worst rainstorms in Japan's recorded weather. The rain and accompanying violent lightning disrupted communications, leaving many areas isolated except for intermittent radio contact.

The storm began Thursday morning, let up for a few hours late in the day, and then—in the words of one survivor at Isahaya: "Suddenly an angry bolt of lightning cut the sky. Pounding thunder followed. Then the rains came. Not just by buckets full. It seemed like someone had dumped the contents of a lake on us from a giant barrel."

As the rain increased, floodwaters began pouring through Isahaya. Yasujiro Tachikawa said he watched "the dim outlines of broken houses and buses drifting by like a procession of ghosts."

Chikara Imasato, 25, the first evacuee brought to Nagasaki, said "I lived through hell. The flood reached the ceilings of my house in a few moments. Cascading rain mingled with deafening thunder and the screams of the dying. I don't know how I managed to swim in the swirling waters."

A fisherman picked up Yoko Komori, 20, clinging to a piece of lumber at sea 15 miles from shore. "I don't remember anything except that the water snatched me away all of a sudden," she told rescuers.

## Mercury Edges Up

KANSAS CITY (AP) — Missouri's temperatures are edging upward and by next week the Weather Bureau expects them to be averaging above normal.

Scattered showers and thunderstorms are forecast for the extreme northwest this afternoon, in the northwest tonight and in the west-central and extreme north Saturday.

Highest temperature in the state Thursday was 89 at Joplin.

## Guilty on 14 Counts; Fined 2,350 Pounds

LEWES, England (AP)—Dr. John Bodkin Adams was fined 2,350 pounds (\$6,580) today for violating laws covering larceny, cremation, forgery and dangerous drugs. He pleaded guilty to 14 of 16 charges against him.

The 58-year-old society physician, acquitted last April in London's Old Bailey Court of a charge that he drugged a wealthy patient to death to profit from her will, pleaded innocent to the other two counts against him here, and the court dismissed them.

Dr. Adams also was ordered to pay all the costs of the prosecution.

## Movie House Is Remodeled For Business

Beatrice Foods Co. Buys Liberty Theatre For Commercial Use

The last movie-talkie reels in the cinema realm at the Liberty Theatre, 105 West Fifth, in the heart of the business district have rolled.

The building that had been under lease by the Fox-Midwest Theatres has been purchased by the Beatrice Foods Co. and is to be converted to commercial purposes.

The purchasing company, manufacturing and distributing Meadow Gold dairy and other products, will have its interior completely remodeled and when this is finished in the months ahead will occupy it as office headquarters and distribution center in this area.

Julian H. Bagby, manager for the buying company, has not revealed in detail what extensions, or improvements, are contemplated, as it will be some time before they are brought to completion.

The Fox amusement organization has in recent days been dismantling the theatre of its seats and stage properties.

The Liberty in addition to movies since its construction has been utilized for various civic, political, religious and dramatic presentations. When the First Baptist Church was undergoing reconstruction, Sunday School classes of that

## Girl Gives Roommate Fatal Beating

BURLINGAME, Calif. (AP)—Beautiful Catherine (Kit) Marie Elvins, 20, daughter of a prominent Seattle physician, was beaten to death with a flatiron Wednesday morning, and her young girl roommate was held in custody today.

Dist. Atty. Keith Sorenson said Miss Elvins' roommate, 19-year-old Elaine Soule of Freeport, Long Island, N. Y., admitted the killing with robbery the motive, and sobbed, "I'm sorry...I'm sorry."

The district attorney said Miss Soule, a typist clerk, told him Miss Elvins had received a \$160 check from her family, and that Miss Soule needed money to meet pressing bills.

Miss Elvins was struck 26 blows on her head with a flatiron, and then stabbed 20 times in the chest, an autopsy revealed.

"It is the most brutal case I've ever seen," said coroner Paul B. Jensen.

Dep. Dist. Atty. Howard Hartley said he questioned Miss Soule for two hours and she related this story:

The attack occurred on Wednesday at approximately 7 a.m. in the apartment the girls shared. Miss Soule subsequently dragged the body into the kitchen, and slept in the bed in which the victim died—that was Wednesday night.

She planned to put the body into a trunk, and store the trunk with her furniture.

The motive was money, Hartley quoted her as saying.

## Two Year Report Issued

## Negligence, Inattention Blamed for Accidents

Negligence and inattention on the part of motor vehicle operators are two of the most common contributing factors to highway accidents, according to a two-year analysis of such accidents on state-maintained highways in Missouri compiled by the Traffic Control Section of the Missouri State Highway Commission's Division of Maintenance. A limited supply of the report, which covers the years 1954 and 1955, is available for distribution.

The analysis sets out that, except for a slight decline during 1952, traffic accidents have increased steadily during the overall period 1949-1955. Fatalities fell off slightly during 1950 and showed a downward trend in 1953-54, but the general inclination of the fatality curve has been upward in the state ever since 1944.

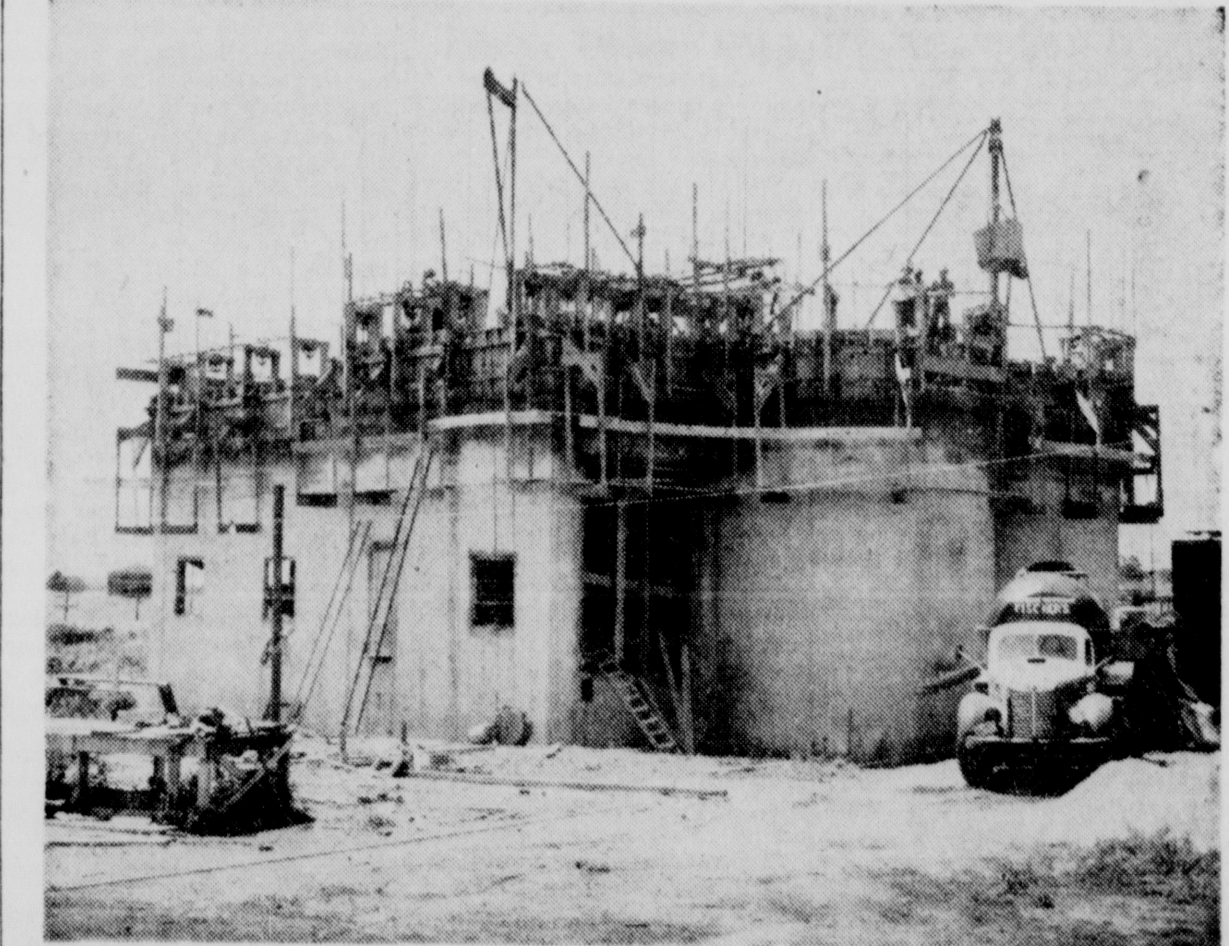

Vehicle miles of travel have increased steadily in the state since 1949. Fatality rates per vehicle mile have, in general, been decreasing during the past few years and Missouri rates have been consistently below the national level. Analysis figures give a boost to the safety of modern highways. They reveal that fatality rates for divided highways are much lower than for 24-foot wide, two-way traffic roadways and also averaged lower than for 3-lane and 4, 5 and 6-lane undivided pavements.

Also, both the accident and fatality rates are lower on controlled access highways than on other state maintained routes. And indication is seen in the figures that accidents per mile on divided highways increase as the frequency of access points and crossovers increase. Speed has most definitely been a factor in accident severity, according to the analysis. During 1954 and 1955 most accidents reported involved vehicles traveling between 40 and 50 miles per hour.

## GOP Backers Take Opposite View on Bill

Program Was Major Item in President's Legislative Agenda

WASHINGTON (AP)—Rep. Augustine B. Kelley (D-Pa.) author of the 1½-billion-dollar school aid bill killed by the House, blamed President Eisenhower today for its defeat.

Other Democratic supporters joined him in partisan criticism, but two Republicans who also favored the bill disagreed.

"I lay defeat of the bill squarely at the feet of the President," Kelley told a reporter.

"I think if he had come out with a strong statement we could have won—we only lost by five votes."

On the other side, Rep. Frelinghuysen (R-N.J.), a strong backer of the bill, said, "I think the President did all he reasonably could."

And Rep. McConnell (R-Pa.), GOP floor leader for the bill, blamed "a combination of things" for the measure's second defeat in two years.

Eisenhower has made a federal school aid program a major plank in his legislative platform for several years. But he let it be known earlier this week he was "not entirely satisfied" with the bill the House was considering, although he would sign the measure if Congress passed it.

After the House vote yesterday, press secretary James C. Hagerty said the White House would have no comment.

By a 206-203 roll call vote, the House adopted a motion by Rep. Howard W. Smith (D-Va.) to strike out the enacting clause of the bill—in effect, kill it.

That vote confirmed an earlier tentative vote, 153-126, to kill the bill.

The House sealed the measure's doom earlier by attaching an anti-segregation amendment offered by Rep. Wainwright (R-N.Y.). This came by a 136-105 standing vote. It would have denied the proposed federal aid to any school district operating segregated schools in violation of the Supreme Court's integration ruling.

Both Democratic and Republican backers of federal aid to school construction said it was dead now for a long time.

"I think it's lost for good," Kelley said. "That was the second effort in two years."

## MKT Asks Permission To Discontinue Agent

JEFFERSON CITY (AP) — The Missouri - Kansas - Texas Railroad sought state permission today to discontinue its agent at Harwood, in Vernon County, and close the station there except during the heavy freight months of June and July.

The railroad told the state public service commission it has been losing money trying to keep the station open on a full 12-month basis.

Burial was in Calvary Cemetery.

**Draft Defer Testing Will Be Cut to One**  
WASHINGTON — Selective Service Director Lewis B. Hershey said today only one college qualification test will be offered in the next school year instead of the three given in previous years.  
The test results, plus a student's standing in his class, are used by local draft boards in considering student requests for deferment to continue their studies.  
Hershey said the single test planned next year probably will be held in the spring. He said the reduced schedule was ordered because the number of persons taking the examination was dropping, and present draft calls are for men 22 years or older.  
The director added that 592,900 students have taken the test since it was first offered in 1951. Only 11,122 took it during the school year just ended, Hershey said, compared with 74,327 in the first full year of the program.

## Probers Seek To Fathom Use of Funds

WASHINGTON — Senate rackets probers sought today to fathom what one senator called "hidden ball trick" juggling of union funds by the two top officers of the United Textile Workers.  
UTW President Anthony Valente and Secretary-Treasurer Lloyd Klenert were yesterday the only union money they used for themselves was \$57,000 to help buy plush new homes. They described that transaction as being, in a sense, a favor of their union.  
Sen. Mundt (R-S.D.) called the home deal "a hidden ball trick." Valente and Klenert then told of borrowing more than \$100,000—some of it at interest rates and fees aggregating 19 per cent—to reimburse the union.  
Valente insisted, as Klenert had done before him, they did not need the money. He said they used \$57,000 of union money as down payments on their homes as a "device" to conceal from dissident union members that this much was available for organizing.  
They said it was entered on the books as money already spent for organizing, and that no one knew at that time, in May 1952, that they were using it. Both insisted they considered it a loan.  
Valente denied that a later attack from George Meany, then AFL secretary treasurer, denouncing the union's financial statement as "phony" had anything to do with their sudden borrowing. Meany now is AFL-CIO president.  
Committee counsel Robert F. Kennedy said the two UTW officers had borrowed \$111,150 in July and August. Valente and Klenert told of raising \$119,150, including \$10,000 in cash Klenert said he got from his wife.

**Blonde Beauty Sues Mrs. US, Charges Fraud**  
BALTIMORE — Mary Leona Gage Ennis, whose big lie bounced her out of the Miss Universe contest and into a treasure trove, has been sued for \$30,000 by the blonde beauty she defeated for the right to represent Maryland in the contest.  
Mary Callie Hill, the defeated beauty, also sued the sponsor of the Miss Maryland Pageant, the Walters Academy and Fashion Guild, Inc.  
Mrs. Ennis won the Miss U.S.A. title in Long Beach, Calif., last week and was among the semi-finalists for the Miss Universe title when word leaked out that she was married. The publicity brought her night club, television and movie offers.  
"I think it was downright mean of that woman to cheat me of the big chance," Miss Hill said. "I have no Hollywood tryouts or night club offers."  
Her suit was filed through her mother in Superior Court.  
The suit alleged that Mrs. Ennis and the sponsors "fraudulently schemed to conceal the fact" that Mrs. Ennis was married. The scheming, she said, cost her the trophy, the trip to the Miss U.S.A. contest, an automobile, a \$1,000 wardrobe and the screen test which she said the Miss Maryland sponsors promised the winner.

**Movie House**  
(Continued from page one)  
church held their Sunday morning sessions there.  
Politically some of the leading national figures, both Democrat and Republican, appeared there in addresses from time to time, the most notable being the late Franklin D. Roosevelt, former President, when in his prime in 1930 as running mate with the late J. M. Cox, Dayton, O., publisher, he addressed an overflow throng at a rally there then taking a place immediately after his speech for Kansas City, Kan., for an address that evening, his appearance here being during the afternoon. Tex. LaGrone, an early day experienced pilot from Kansas City, was at the stick of the plane.  
In the years of its heyday, the Liberty, in addition to presenting movies, had vaudeville with bookings through the Orpheum Circuit and local attractions presented included contests for dramatic clubs of various groups and organizations throughout the county. The Lions' Club Follies was an attraction by local talent that always brought full houses.  
Even cooking schools and demonstrations sponsored by The Democrat - Capital were presented yearly.  
Given to cinema attractions, the Liberty in late years had operated through the fall and winter months, closing during the summer season and opening about State Fair time, each year for offering its attractions.  
In years gone by, occasional high class musical road shows would be booked and always attracted those enjoying such comedies and revues.  
The projection room equipment and some other appliances have been shipped to Kansas City district headquarters, according to M. R. McLean, manager of the Fox Theatre here.  
A large portion of seats was sold to a Kansas City church organization, and scenery that had been used on the expansive stage was given to KDRO-TV for use in its operation.

### • Fires In the City

The fire companies about 2 p.m. Friday were called to 2217 West Second where dry grass was burning. The fire started while boys were playing with cartridges. No damage resulted.

A wooden box on fire in back of a house caused a run by the Sedalia fire department to 811 West 11th at 4:19 p.m. Thursday. The fire was extinguished with a garden hose. There was no loss.

### Truck Hits

(Continued from Page One)  
erator of the stand said he had just turned around to give a sandwich order when the truck hit. "I didn't know what was going on. Plastering started falling and walls started cracking, and I turned around to see the truck stopped. I saw Pat standing there and asked if she was hurt and she replied no. I noted the truck was within almost an inch of her."  
Customers on the drive told police Hendry did a remarkable job in handling the truck, although it did hit the stand.  
An investigation revealed that the right rear dual wheels were nearly off. Two bolts and lugs on the wheels were gone, eight other bolts had loosened up and were unscrewed. It was reported that had Hendry continued on the highway he might have made it to Smithton before losing the duals, in any event had he gone around a corner very fast they may have left the truck in a shorter distance.  
The loosening of the bolts caused the rear wheels to vibrate and possibly caused the cylinder on the right rear brake to jar loose and the brake system to lose its hydraulic fluid, thus causing the brakes to go out.  
The root beer stand was extensively damaged, and considerable damage resulted to the truck body, not to mention the necessity of replacing dual wheels and the brake system on the truck.  
Police made an investigation of the wreck.

### • Police Reports

Harold Hempel, 520 Wilkerson, claimed his bicycle which police recovered. It was stolen July 23.

The gate to the Skell Gas Co. was found open at 10:28 p.m. Thursday. The owner was notified.

Police found a two-wheel push cart on the MKT freight dock, believed the property of the Missouri Pacific. It was taken to police headquarters.

Miss Hazel Palmer, 901 South Vermont, reported to the police a man tried to steal the hub caps from her car about 4 a.m. Friday. The man did get one cap, the left front one.

Charles Dirck, 418 North Summit, reported to police that about 2 a.m. Friday someone stole about seven gallons of gasoline out of his car parked on the front lawn of his home.

The theft apparently was driving a car which made a loud noise when it drove off.

### Las Vegas Visiting Hours Are Unknown

TUCSON, Ariz. — A woman telephoned the sheriff's office this week asking about visiting hours for prisoners in the county jail. Deputy Marion Gorce told her when they were.

"Does that apply to Las Vegas also?" asked the caller.  
"We couldn't tell you about that," the deputy replied.  
"Huh. Some brushoff," said the woman as she slammed down the receiver.

### Negligence

(Continued from page one)  
that 85 per cent of the drivers travel at a rate of about 62 miles per hour during the day and 61.1 miles per hour or less at night. Since most speed limits are based on this "85 percentile speed" it seems apparent that any limit in excess of those figures would cause very little hindrance or delay to the traveling public, the analysis says.

Analysis statistics also reveal that routes with poor alignment show a higher accident incidence on tangents than on curves. Conversely, where the alignment is relatively straight, and only an occasional curve appears, such curves seem to disturb drivers with the result that that type road usually shows a higher incidence of accidents on curves than on tangents.

The report brings out that the well-known yellow No-passing lines have become one of Missouri's best-known traffic control devices. Surveys of these lines on four selected routes revealed fewer accidents within the limits of such marked zones than in unrestricted territory outside of the zones.

About 75 per cent of all accidents occur on dry pavement, the analysis reports. Accidents involving exits from driveways or side streets, where the collision takes place at right angles, are among the most severe type. Many of the older highways provide heavy fatality records from this type accident.

Most traffic accidents and traffic fatalities occur between 4 p.m. and 7 p.m., according to the study. However, in proportion to traffic on the roadway accident and fatality rates are higher for the period just after midnight.

Drivers within the 21-30 age group are producing the most accidents, the two-year figures reveal. During the period, also, 17½ per cent of all accidents studied and 19½ per cent of all fatal accidents showed some indication that drivers involved were drunk or had been drinking. These figures represent an increase over the previous five-year period and indicate an excessive contribution to the fatality toll.

## Quantity, Quality of 1957 Wheat Crop Still a Question

KANSAS CITY — The 1957 winter wheat crop, delayed by excessive and unseasonal rains during harvest time, still is a question mark.

Chances are, authorities agree, it will come up to standard despite the heavy moisture.

But the harvest, still going on at a time when the crop usually is cleaned up, is so spotty that experts are reluctant to estimate its final quantity and quality.

Of the four major producing states it appears Kansas will suffer the biggest production dent, followed by Oklahoma, Texas and Nebraska report good prospects.

Crop experts in Kansas say this year's harvest will be the smallest since 1935.

June rains cut the state's crop estimate to 94 million bushels, whacking 7,600,000 from the June 1 appraisal. The crop still is running below average in protein content and test weight.

The last 10 days have been favorable for harvesting some grain that two weeks ago was about written off, agriculture officials said. There was complete crop failure in some areas but very high yields in the northwest and irrigated in portions of southwest Kansas.

Elmer W. Reed, president of the Kansas Milling Co., Wichita, said the harvest was far beyond anything officials anticipated at the time it was delayed by rain.

"Yields were good and actual shattering small. In our opinion the government figures the first of the month are about correct. Kansas has done very well on its 1957 wheat crop, although we'd have been pleased if it was a bit higher in protein," he said.

Here's how the crop situation looks in the three other major wheat-producing states:

Nebraska offers the most optimistic report.

Prospects are good because of sufficient mid-March moisture, good growing weather in June and good ripening weather this month, according to A. V. Nordquist, state and federal agricultural statistician.

The latest estimate is for 75,924,000 bushels, an average of 27 bushels per acre. A year ago the average yield was 19 bushels.

D. D. Pittman, federal crop expert, says both quantity and quality will be off in Oklahoma this season due to heavy spring rains.

The moisture caused the grain to shrivel and also delayed the harvesting. The July 1 yield estimate is 43,500,000 bushels on 3,400,000 acres, with 12½ bushels expected per acre.

Last year's Oklahoma production was 67,168,000 bushels from 4,198,000 acres. The harvest averaged 16 bushels per acre.

Texas prospects, quantity wise, are much improved over last year. This month's outlook called for 33,885,030 bushels.

This compares with only 26,388,000 last year but it still is well below the state's 10-year average of 47,339,000.

Weather during the next few days is expected to tell the final story in all four states.

**Shirley Temple Films Will Return to TV**

SAN FRANCISCO — Four of the films in which Shirley Temple — dimpled and blonde-curlled — helped charm away depression blues in the 30s will be revived for television showing next fall.

Shirley, who's grown from a famous child movie star to a svelte mother of three, told about it at a news conference yesterday. She came from her home in near-by Atherton, where at 29 she's a rich matron and wife of Charles Black, manager of business operations for Stanford Research Institute.

Mrs. Black reported the films will be revived in full-dress Sunday spectacular style on a national TV network.

The pictures will be controlled by the NTA film network, formed in 1956 by National Telefilm Associates and 20th Century Fox.

Mrs. Black said the copsoner of the picture revival will be the Ideal Toy Co. of New York, which put out the first Shirley Temple dolls.

News and television writers watched the old Shirley dance and sing on a screen rigged up for the Mark Hopkins Hotel while the grownup Mrs. Black sat by making comments.

"It's somebody else, that's all," she said when she was asked how it felt to watch the old picture.

The four pictures have not been selected.

**Truman Swears Off Signing \$1 Bills**

INDEPENDENCE, Mo. — A former President Harry S. Truman has sworn off one of his favorite habits — autographing \$1 bills.

A visitor to Truman Memorial Library asked him yesterday for one of the autographs.

"I hadn't better," he said. "Why?" asked an old friend. "You can't deface currency," he said. "That's the law. The attorney general would just love to put me in jail."

Truman was asked if he had been cautioned officially about it. "Oh, no," he said.

## Convict Five On Turnpike Defraudment

HARRISBURG, Pa. — Five men were convicted last night of conspiracy to defraud the Pennsylvania Turnpike Commission of 19½ million dollars by allegedly drilling countless "unnecessary" holes to fill in abandoned mines along the superhighway's right-of-way.

Four other men were acquitted in the case that Gov. George M. Leader has said involved "the greatest public swindle of all time."

One of the convicted men was former Turnpike Commission Chairman Thomas J. Evans, Coal-dale, Pa., and another was his nephew Charles W. Stickler Jr., president of a Reading, Pa., engineering firm formed in 1952 with \$1,800 capital and worth a stock value four years later of more than a million dollars.

After a 42-day trial—longest in Dauphin County history, the verdicts were read nervously by jury foreman Harvey Pennell, a 73-year-old retired Williamsport coal miner. The panel of seven men and five women deliberated 3 hours 43 minutes.

Evans and suspended Turnpike Commissioner James F. Torrance of Export, like Evans a Republican, were convicted of conspiracy and of misconduct in office. Found guilty of conspiracy and false pretense were Stickler and Clayton A. Landside, former general manager and vice president of Stickler's engineering firm, Manu-Mine Research and Development Co. Paul J. McNeill, former chief finance officer of the commission, was convicted of conspiracy.

The turnpike case developed from an investigation after the Democratic administration of Gov. Leader came into office. The commission formerly had been under Republican control. Involved in the trial debate were technical engineering opinions on what was the right way and what the wrong way to fill in old mine voids and prevent future cave-ins along an eastern Pennsylvania section of the turnpike.

The state contended a contract awarded Manu-Mine in February 1955 was used by the nine defendants to fleece the commission and gain a 100 per cent profit for the firm through "made work."

Manu-Mine was hired to fill subsurface mine voids beneath a six-mile section of the right-of-way of the turnpike extension in Luzerne and Lackawanna counties. The contract was suspended in February 1956 and the work taken over by the State Mines Department.

Defense attorneys immediately announced they would seek a new trial and Judge Homer L. Kreider gave them 10 days to file formal motions. He ordered each of the five to post \$1,000 bail within 10 days and delayed sentencing.

**Sequestered Officials At River Resort**

SANTA ROSA, Calif. — Defense Secretary Charles Wilson, and Treasury Secretary George Humphrey and Adm. Arthur Radford, chairman of the Joint Chiefs of Staff, were sequestered at Bohemian Grove near here today.

They arrived from Washington last night at the exclusive Russian River resort of the Bihemian Club.

The club's annual encampment, which includes some of the West's most prominent business leaders, usually counts former President Herbert Hoover among those attending.

The public and press are barred.

## Horse-Boat Collision

OVERLAND PARK, Kan. — A horse and a boat collided at a street intersection in this Kansas City suburb yesterday.

Patrolman Bob Shaw said the horse, with William G. Rhea, 16, aboard, galloped through a stop sign and collided broadside with a trailer on which Alonzo Betts was towing his outboard motor boat.

Rhea fell off the horse but was unhurt. The boat went into a ditch. The horse began grazing on a nearby lawn. Betts estimated the damage to his boat at \$400.

**Call Huddles To Write Jury Amendment**

WASHINGTON — Republicans and Southern Democrats called rival strategy huddles today in the Senate struggle over writing a jury trial amendment into the civil rights bill.

A requirement for jury trials is the major objective of Dixie forces fighting the House-passed bill now that it has been stripped down largely to a measure providing for the use of injunctions to protect voting rights.

Sen. Russell (D-Ga.) said in advance of a meeting in his office, however, that he thought the Southerners would line up behind an amendment of more limited scope than they would like.

Such a move would be aimed at strengthening their position in the face of the determination expressed by Sen. Knowland (R-Calif.) and other supporters of the bill to resist any weakening of the right-to-vote provisions.

Knowland, the Senate GOP leader, had an opportunity to discuss the situation with President Eisenhower at a White House breakfast prior to a closed conference of all Republican senators.

Eisenhower recently said he opposed providing for jury trials in contempt of court cases arising from injunctions obtained by the government to enforce voting rights.

Various jury trial proposals have been advanced. Russell said he expects Southern foes of the bill to throw their support behind one offered by Sen. O'Mahoney (D-Wyo.), providing for jury trials in criminal contempt cases.

Russell said that O'Mahoney's amendment "is not entirely satisfactory to me" because he feels a jury trial should be granted in all contempt cases, civil as well as criminal, arising under the legislation.

**Mutual Broadcasting Sold; Price Unknown**

NEW YORK — The Mutual Broadcasting System has been sold to a group of Pacific Coast businessmen and broadcasters for an undisclosed price.

Announcement of the sale was made yesterday, after widespread rumors that it was impending. Trade sources said the network, in existence since 1934, lost \$400,000 last year.

During negotiations a sale price of somewhat over half a million dollars was reportedly discussed. The purchasing group is headed by Paul Roberts of Los Angeles, who will take over as network president Aug. 7. B. J. Hauser, former Mutual vice president, will become executive vice president.

Roberts is general manager of KRKD-FM of Los Angeles.

## Where Were The City Folks?

Registration lists at the 4-H Clubs' annual Achievement Days exhibit in the Smith-Cotton High School cafeteria showed more rural than city registrations.

This may have been quite natural except Chamber of Commerce members and their families should have had a better representation there to view a thousand articles or more created by the nimble fingers of 4-H club members the past year. The amazing ingenuity of the farm boys and girls would have been of interest to the town youngsters, too, if they had been taken by their parents for a 'look-see.'

Summer months offer many evening distractions for city folk — ice cream socials, athletic games at the parks, swimming — and just plain being fagged. Yet such events as the one put on by the 4-H clubs deserve more attention than was given by Sedalians Thursday.

Besides the displays which by evening had become bedecked with red and blue ribbons of the judges, there was an opportunity for city and farm folks to have a brief conversational visit or two. Why there was even an interlude for free soft drinks and cookies refreshment.

This type of rural-city friendliness is inspired by joint efforts of farm organizations such as the vital 4-H Club activities and the Sedalia Chamber of Commerce.

There is room for more of these get-togethers on the calendar of Sedalia and surrounding counties, particularly Pettis. A few old fashioned chicken dinners from time to time sound pretty good, too.

In this respect — getting the farm and city folk together — the eating program seems to have a magnetic attraction. On the other hand Sedalia business men and their families should pay a little more attention to the practical activities of the farmers about which the latter are so proud. And this includes recognition of the remarkable work done in rural 4-H club work, something that requires encouragement by adult interest, farm and city.

Sedalia's adult interest in 4-H club activities certainly was a washout Thursday night judging from the registration lists. There was nothing intentional about it, of course, just pure unadulterated laziness and thoughtlessness. Sedalia has got to make it up somehow to those 4-H boys and girls who wanted everybody to see the handiwork. One way is to look for these exhibits at the Missouri State Fair next month. Another is to plan to attend next year's Achievement Days. Maybe the Sedalia Chamber of Commerce can think of some other ideas to lave the hurt pride of these 4-H youngsters.

## The Washington Merry-Go-Round

### Antitrust Suit Mysteriously Canceled

By DREW PEARSON

WASHINGTON — One of the biggest antitrust suits planned by the Justice Department in years has been suddenly and mysteriously dropped.

It was to have been filed in U. S. District Court in Milwaukee July 8 against three important gas companies — American Natural Gas, Peoples Gas Light & Coke, and Northern Natural Gas.

The Justice Department had the bill of complaint drafted and a press release all ready to issue. But the press release was never issued. The bill of complaint was never filed.

Suddenly and mysteriously the antitrust suit was called off.

Ex-Gov. Tom Dewey, counsel for Peoples Gas, is given credit by some for having the antitrust suit called off suddenly. Dewey is very close to Attorney General Brownell, who managed his campaign for President in 1944.

Dewey was out of the United States and not available for comment this week, but in the past he has told this column that he made it a practice never to intervene in matters affecting the Eisenhower administration in Washington.

Others attributed the sudden cancellation to the fact that an antitrust case of this kind would have focused attention upon the natural gas industry just at a time when the Eisenhower administration is trying to pass a new natural gas bill exempting the industry from federal regulation.

Regardless of who stopped the suit, here is the inside story of what happened:

Tennessee Gas Transmission had obtained from Canada the right to tap its vast gas reserves with a pipeline linking Canada to Texas. This two-way line could have used gas from the Gulf States when needed or gas from Canada when and where needed.

#### Secret Conference In Chicago

With natural gas in short supply in the Northern United States, Canadian gas is highly coveted. Various companies have been eyeing the vast and largely undeveloped wealth of Canada. So when Tennessee Gas Transmission secured this concession, it ran into a secret monopoly move by the old Sam Insull holdings in Illinois, Indiana and Wisconsin.

The Insull holdings are now represented by American Natural Gas, Peoples Gas Light & Coke, and Northern Natural. They serve Michigan, Wisconsin, Illinois, Minnesota and Indiana. These three companies held a confidential meeting with Gardner Simonds, head of Tennessee Gas Transmission, at the Chicago Club December 11 after he offered to sell them gas.

The three who participated in this closed-door conference were John Merriam of Northern Natural Gas; Ralph McIlvaine of American Natural Gas, and James Oates of Peoples Gas Light & Coke.

They took Simonds by surprise by demanding that he sell them three-quarters of the stock in the new pipeline from Canada to the Gulf of Mexico. Simonds emphatically said no.

After the abortive conference in Chicago the three executives of the old Insull Empire asked for another conference. This took place in the Carlton Hotel in Washington on January 3, at which time the three competitors asked Simonds how far he was willing to go in selling them stock in his new pipeline. He replied that he would give them 40 per cent of the stock. They replied that they would take 75 per cent or nothing.

The three midwest utility executives then told Simonds he could take it or leave it. This was their final offer.

#### Governors Get Sore

Following this, various state utility commissions and governors got into the act. The Wisconsin Public Service Commission was especially incensed, since Wisconsin is desperately hard up for gas. So was Sen. Alexander Wiley of Wisconsin. Gov. Vernon Thomson of Wisconsin also testified before the Federal Power Commission urging that the pipeline be built from Canada to the Gulf.

Other governors who urged the pipeline were Mennen Williams of Michigan, Orville Freeman of Minnesota, Democrats; and William Stratton of Illinois, Republican. They represent areas badly in need of gas due in part to the defense industries concentrated in the Middle West; due also to the coming of the St. Lawrence Seaway.

In Chicago, several thousand homes have applied for gas but can't get it due to insufficiency of supply. In Minnesota, plans are under way for the rehabilitation of worked-over iron ore mines, but this is dependent upon an ample supply of gas.

As a result of indignation by Midwest governors, the Justice Department prepared its antitrust suit against the three former Insull companies. Then at the last minute the suit was dropped.

### Cleaning Up Purge

The glare of the world spotlight is so bright in these days of rapid communication and intense news interest that Russia has to think hard before liquidating its top villains with dum-dum bullets in the manner of the 1930s and later.

Even the old style exile to Siberia, which generally meant miserable imprisonment and slow death in the frozen wastes, is out. Like the H-bomb, the purge has had to be cleaned up. So it is that Georgi Malenkov has been neither shot nor sent to Siberia to rot in prison but has instead been sent there to operate a minor electric plant. This would be something like demoting Secretary of State Dulles to be consul at Spitzbergen, Norway.

Until the great ouster, Malenkov had been in charge of all power installations in the Soviet Union. But when he and Molotov, Kaganovich and Shepilov tried to seize power in the Kremlin, the portly Malenkov wound up with only a power station.

Evidently the others are getting a similar downgrading to painfully minor posts. Once it was fair to think of the Russian leaders as political cannibals, devouring each other in the brutal battle to survive. But now they've turned to a kind of modern day head-shrinking, reducing inflated power seekers to more or less permanent pinheads.

### Sees Ike Role In School Aid Defeat

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON — If President Eisenhower had lifted a finger to fight for the federal aid to education bill, it seems certain he could have saved it. At the showdown he sat silent although he had been calling for federal aid since 1953.

The result: A majority of his Republicans did yesterday exactly what they did last year. They teamed up with Southern Democrats to kill the bill in the House. Republicans who favored the bill are sore at Eisenhower's performance.

If three Republicans had switched their votes, the bill would have been saved. The vote was 208 to 203, to save it.

Eisenhower not only didn't plug for the bill, he indirectly gave support to those who wanted to demolish it by letting it be known that, while he'd sign the bill if it passed, he wasn't satisfied with it.

The Republican majority tactics yesterday were like an encore of their act in 1956 when a similar bill was before the House.

First, they joined Northern Democrats in voting an anti-segregation amendment into the bill— withholding federal money from segregated schools — and then switched over to join Southern Democrats in killing the measure altogether.

Two of the three top Republicans in the House voted to kill the bill last year and again yesterday. They were Representatives Charles Halleck (Ind.), assistant Republican leader, and Leslie Arends (Ill.), Republican whip.

Rep. Joseph Martin (Mass.), the No. 1 Republican in the House, voted for the bill yesterday as he did in 1956.

Eisenhower, since 1953, has repeatedly called for some kind of federal aid to get schools built. He has urged action both in his State of the Union messages and in special messages to Congress. The bill of 1956 called for federal aid to schools.

While the bill which went before the House this year was not exactly the kind Eisenhower wanted, it was the only one which had a chance of passage this year.

This is an example of how some

help from Eisenhower might have saved the bill, if it only took the form of a brief message to the House or pressure on no more than three leading House Republicans: Halleck, Arends and Rep. Edward Rees (Kan.).

While the final vote to kill the bill was 208-203, during the roll call Rees voted for the bill. Before the final tally he changed his vote to "no." Rees is a veteran of 20 years in the House.

Following are the votes on the anti-segregation amendment and on the bill itself in 1956 and yesterday:

The anti-segregation amendment: 1956—For the amendment: 148 Republicans, 77 Democrats (total, 225). Against the amendment: 46 Republicans, 146 Democrats (total, 192).

Yesterday—for the amendment, 136. Against, 105. Unlike the 1956 roll-call vote, yesterday's vote was

a standing one which did not list the members by name.

But reporters who cover the House every day and recognize the members by sight said the lineup for the anti-segregation amendment was the same as last year: Republicans and Northern Democrats.

For killing the bill: 1956 — 119 Republicans and 105 Democrats (total, 224) voted to kill the bill. (In the House the 11 Southern states have 106 seats.)

Voting for the bill were 75 Republicans (compared with the 143 Republicans who voted for the anti-segregation amendment) and 119 Democrats (compared with 77 Democrats who voted for the amendment).

Yesterday—111 Republicans and 97 Democrats (87 of whom were from the South)—for a total of 208 voted to kill the bill. Voting to save it were 77 Republicans and 126 Democrats (total, 203).

### Ruth Millett Says

## Gardening Not Hobby For Relaxing Any More

The care and feeding of lawns and shrubs has become more complex and more trouble than the care and feeding of a family.

I mean it. Pound for pound and

item for item the suburban home-maker probably has more tools and equipment, more plant food and bug killers in the garage than food and cooking equipment in the kitchen.

There are sprinklers that walk, sprinklers that twirl, sprinklers that shoot and square sprinklers that get the corners.

There are fertilizers that give the lawn a deep turf and chemicals that make it a deep green.

There are weed killers, bug killers for every type of ravenous insect, and plant food for every kind of plant.

There's a power mower, an electric edger, electric pruning shears and tools of every size and shape and description — each for a particular job.

When the home owner isn't feeding or dusting the roses, he is babying the gardenias.

#### Not Relaxing

Why people are constantly being urged to take up flower growing as a relaxing hobby, I can't figure out. A challenging hobby — yes. Sometimes — in between feedings and sprays and weedings — may be even a soul-satisfying hobby. But not an easy, relaxing hobby — not in this scientific age.

## Ingredients Are There

### Kennedy Has Potential Presidential 'Charm'

By JOSEPH A. DEAR  
Of Our Washington Bureau

WASHINGTON — The politically knowledgeable agree that Senator Jack Kennedy of Massachusetts is the Democrat to watch.

He has a grand name. He has money, intelligence, and charm. He is a man of proven courage, and has written a best seller about men of political courage. He is ambitious.

In short, the ingredients are there. It would seem that it only remains not to spoil them in cooking. Of course, the nominating convention is three years off, and that's a long time to simmer.

In any word association test, "Kennedy" might well produce the response "charm." He has it. And TV doesn't dilute its freshness. TV

does obscure a certain steely quality behind that charm. Senator Jack probably enjoys people, and he's willing to see them and talk things over. But it's obvious that he appreciates dispatch and efficiency.

TV is kind to Kennedy in another sense. It doesn't distort his features in unbecoming fashion. Vice President Nixon, his possible opponent, has troubles on this score. On television Nixon almost always appears to be afflicted with a mild case of rumps.

In a bleak hour of World War II Senator Jack's horizon was seriously restricted. He spent exhausting hours in the waters of the South Pacific after his PT boat broke up. He survived this ordeal, but not undamaged. Years later he had to endure corrective operations. "Profiles In Courage" was his project during his convalescence. His book was devoted to Americans who had displayed conspicuous political courage. Quite naturally, it is tempting to try and weigh the Senator's record according to the standard implied by the title of his own book.

Senator Kennedy has several times turned from the easy and safe course. For example, he spoke up for the St. Lawrence Seaway Project and voted for it. Powerful New England business interests—banking, shipping, and rail—were thoroughly opposed to this project. And for a simple reason. It appeared the Seaway would benefit other areas at the expense of New England. The Senator conceded there "as cause for concern." But he argued that eventually the Seaway would benefit New England, too.

Kennedy this year offered one of the most effective arguments for aiding Communist Poland. The Administration must have found his support as welcome as it was surprising. It would have been easier for Kennedy to have taken the other tack. He could have enhanced his popularity by insisting it was unwise to aid any satellite, even one which seemed to be drawing slightly away from the Russian orbit.

On at least two occasions, his detractors say, Kennedy was a trimmer. He wasn't on deck when the Senate condemned the late Joe McCarthy. A tough vote, you might say, for a Boston Irishman. But as some wag put it, that shouldn't have been a tough vote for the author of "Profiles in Courage."

More recently, Senator Jack voted against the proposal to bring the House version of the administration civil rights bill directly to the Senate floor. This maneuver deprived the Senate Judiciary Committee, which is dominated by Southerners, of a chance to mangle or suppress the measure.

The by-passing maneuver flew in the face of precedent. Usually, Senate committees hold hearings before legislation reaches the floor. Precedent is a force in the Senate, and several pro-civil rights Democrats also opposed the maneuver. (Senator Wayne Morse of Oregon was one.) So Kennedy has an adequate explanation of his vote.

What feeds the fires of suspicion is the support Southerners gave Kennedy in his drive for the vice-presidential nomination at the last Democratic convention, and the belief he will have to have that support in 1960 to win the presidential nomination then.

## Sunday School Lesson Notes:

By William E. Gilroy, D. D.

On this date many Sunday schools will be studying a lesson about Gideon and his small band of warriors.

But I should like to write a little about another band, much smaller, but quite as amazing in faith and courage.

They, too, have left a great heritage, though much of the simplicity that they represented soon became overcast by more complex organization, and associations of church and state.

I refer to the Pilgrim Fathers, who came to Plymouth on the little ship, "The Mayflower," in 1620. Actually, these Pilgrims were not "fathers."

For, like many religious movements, and like that of Jesus and His disciples, the Pilgrims of the Mayflower were young people, and a tragic fact is that within a year of their coming to New England half of the 102 died.

A glorious fact is that, despite all the perils and hardships, when the survivors had a chance to return to England not one went back.

In the Boston area, where I have lived for many years, the chief interest and excitement recently has been concerned with the coming to Plymouth of the Mayflower II, a replica of the original

Mayflower, which, after a summer on exhibition in New York, will be returned to Plymouth for a permanent berth to commemorate and restore something of the original coming of the Pilgrims.

One would not detract from the glory of this enterprise, or from the achievement of Captain Villiers and his crew in bringing the little ship across the Atlantic.

But the most important emphasis has for the most part been lacking.

The greatness and importance of the original Mayflower was not the ship, nor the captain, nor the crew — it was in the passengers, what was that faith and fellowship that made those Pilgrims first leave their native England for Leyden in Holland, and then risk the perils of ocean and a hostile shore, that they might still be Englishmen?

It was simply a belief that there could be religious faith and fellowship through direct contact with Christ and the New Testament, without the intermediary or authority of either Pope or King.

He did harry them as exiles to Holland, but they were Englishmen as well as Christians, and they sought to bring up their families as Englishmen.

The deep spiritual significance

## All Church Articles Should Be Submitted By 2 P. M. Thursday

All articles to be published on the Friday Church Page should be in the Democrat-Capital newsmen not later than 2 p.m. on Thursday. Any article turned in after that time will not be promised publication on the Church Page.

of the Plymouth Pilgrims was the directness of their approach to Jesus and the New Testament.

They were independents in this respect, in contrast with the Puritans, who were not opposed to a state church, and whose association with church and state brought persecution against Quakers and Baptists.

Trends today toward greatness and size and mergers are as evident in the churches as in other areas. Such trends are good insofar as they eliminate narrow and sectarian divisions, but they tend toward overemphasis upon authority and official control.

What the Plymouth Pilgrims emphasized is that the true church of Christ does not consist in size or authority, but that where two or three are gathered together with Christ in the midst there is the element of a true Christian church.

## Dr. B. A. Pugh To Be Speaker At 1st Baptist

Dr. B. A. Pugh, interim minister, will preach on "Stretching the Soul" at Sunday morning services of the First Baptist Church. The choir will sing "Cherubim Song" by Bortiansky. The subject for the evening service will be "Things We Meant to Do."

## St. Paul's Church To Hold Communion

"Heart Worship" will be the sermon topic at St. Paul's Lutheran Church next Sunday morning in the 8 and 10:30 services.

Holy Communion will be celebrated in both services.

## Poker Game

MIDNIGHT, Miss. P — This small town in Mississippi's agricultural Delta was named for the hour it was won in a poker game.

Around the turn of the century, pioneer land owners would take time out from cleaning the land and relax over a poker game.

One of the land owners bet and lost all of his cleared land and the game broke up. The new owner glanced at his watch and announced he would name his land "Midnight."

## Sedalians Go To International Church Meeting

Five delegates from Sedalia were part of an audience of 30,671 people from six countries who heard a world-renowned Bible authority in Milwaukee recently.

Walter H. Meyer, spokesman for the delegation, said that the address, "Healing of the Nations has Drawn Near," by Nathan H. Knorr, chief executive of the international society of Jehovah's Witnesses, climaxed a five-day Watchtower assembly held in Milwaukee County Stadium.

Knorr, reporting on his recent tour of Europe and Asia, including Bible lands, expressed his opinion that the modern political Republic of Israel plays no prophetic Bible role in bringing healing to the nations. "Do we see the nations of the earth blessing themselves by the nation of Israel and getting healed?" Knorr asked.

The delegates heard Knorr report on his world tour during which he visited many branch offices that supervise the congregational and ministerial activities of 700,000 Witnesses of Jehovah, residing within 162 countries.

The highlight of the assembly, Meyer said, was the ordination of 827 new ministers in a mass, public baptism ceremony.

## Revs. Eaker and Lehev To Preach Sunday At Lake Creek Meet

The Lake Creek camp meeting services will begin at 10:30 Sunday morning. Rev. Linus Eaker will preach at the morning and evening services. Dr. Robert M. Lehev, superintendent of the Sedalia district, will preach at the 2 p.m. service.

The sacrament of the Lord's Supper will be observed at the afternoon service and the Rev. E. L. Rathert will conduct a song and testimony service.

In the evening service the Rev. Lloyd D. Wasson, pastor of the Smithton Methodist, will lead the song service starting at 7:30 p.m.

## Dr. Reifel to Preach At Immanuel Church

In the absence of Pastor Armin F. Klemme, who is on vacation, Dr. Leonard Reifel of the Federated Church will be in charge of the worship at Immanuel United Church of Christ Sunday morning. His sermon theme will be "The Deathless Graces."

Tuesday the Boy Scouts of Troop 57 will meet in Liberty Park at 7 p.m.

Thursday the Missionary Study on Southeast Asia will be conducted at noon for all interested persons at the church. The Women's Guild meeting for all ladies of the church begins with the luncheon at 1 p.m. The program theme, "Your Church," will be presented by the Christian service department.

## Latham Church Has 50th Anniversary

Marking its fiftieth year as an organization the Christian Church at Latham held a joint golden anniversary and dedication Sunday.

The pastor of the church, the Rev. George R. Igo, gave the welcome address and also had charge of the memorial for deceased members. In the dedication service, the Rev. Herbery Woodruff, pastor of the First Christian Church, Warrensburg, gave the sermon.

After a tent meeting in 1906 the present Latham Christian Church was organized and the building was erected the following year as a merger with the Highland Christian Church.

## Cards Hoping Wehmeier Is Back in Form

By THE ASSOCIATED PRESS  
St. Louis Cardinal fans are hoping Herm Wehmeier signaled his return to winning form last night at St. Louis with a stout six-hit 3-2 victory over the Brooklyn Dodgers and an old Red Bird nemesis, Don Newcombe. The victory moved the Cards into second place, a half-game out.

This was his first victory as a starting pitcher since opening day. Wally Moon drove home the tie-breaking run in the eighth after Alvin Dark singled and Stan Musial singled him to third. Musial's hit sent Newcombe to the showers and brought in relief ace Clem Labine.

The leg-kicking Wehmeier gave up the tying runs in the sixth but stopped the Brooks without a hit the final three innings.

At Boston, history repeated itself for Bob Porterfield with the results once more going against the Kansas City A's.

Elevated from the bullpen, Porterfield pitched the Red Sox to a 5-3 victory yesterday.

It was the first complete game for the big righthander since July 17, 1956, when he beat the A's 1-0 on a seven hitter.

Tom Gorman was the victim then and again yesterday.

Billy Martin rapped him for a two-run single in the fourth and Lou Skizas hit a solo homer, his 14th of the season, in the ninth.

Successful singles by Jim Peasall, Frank Malzone and Ted Williams made it 1-0 in the first and the Red Sox knocked out Gorman in a four-run second.

## Alex Miteff Favored To Win Heavyweight Bout With Mederos

WASHINGTON (AP)—Alex Miteff, the undefeated Argentine, is an 8-5 favorite to defeat Cuban Julio Mederos in their 10-round heavyweight fight at Capitol Arena tonight.

Miteff gained support on the basis of his knockout record alone. He has won all 10 of his previous fights, five of them by knockouts.

Mederos counts 14 knockouts among his 21 victories in a record which also includes 16 defeats and three draws.

Whatever happens, TV and radio fight devotees will be kept informed via the usual Friday night hookup (NBC, 8 p. m. CST).

## Father Gives Gift; May Lose Amateur Status As a Result

LONDON (AP)—A 12-year-old girl swimmer was threatened with loss of her amateur status today because her father gave her one pound (\$2.80) as a gift for winning a race.

The St. James' Ladies Swimming Club in suburban Peckham branded little Carol Francis as a "professional" for accepting the gift. She was told to hand the money back or face expulsion from the club.

"Ridiculous," commented Fred Francis, Carol's father. "I did the ordinary thing that any parent would do. My child had come in first and I felt very proud of her."

## Little LEAGUERS

In the first game of Little League play Thursday night the Optimists defeated the Rotary by a score of 24 to 0. Steve Redewall pitched for the Optimists and allowed only three hits. Freddie Merry was the losing pitcher.

The Jaycees took an easy lead in the second game to defeat the Lions by a score of 13 to 3. Short was on the mound for the Jaycees and McCowan was the losing pitcher. Friedebach hit two homers for the Lions.

Friday night's schedule is Jaycees vs. Lions. Just one game will be played at 7:30 p.m.

## Brown, English Are Favorites In Golf Tourney

COLORADO SPRINGS, Colo. (AP)—Power-driving Jim English, the 1955 champion, and defending titleist Fred Brown of Los Angeles shared the favorite's role as the Invitational Golf Tournament.

English, of Denver and Topeka, met former University of Kansas basketball player Gene Elston, the tourney's youngest competitor at 22.

Brown, who scored an easy 4 and 3 victory yesterday over Harlan Hobbs of Topeka, was matched against John Morrell of Elgin, Ill.

Other action sent medalist Howard Creel of Colorado Springs against Dan Winters, Abilene, Tex., and Duke Carey of Denver against Claude Wright of Denver. Creel, who is 54, won the tourney in 1926 and 1938.

English, with longer drives, defeated 1950 champion Gene Zupain of Denver, 2 and 1.

The lefthanded Creel won an easy 4 and 3 victory over Bob Vickers of Wichita.

Carey, in yesterday's best match, edged Wendell Long of Oklahoma City, 1 up in 19 holes.

Elston decided Bill Flennikin, Englewood, Colo., 2 and 1.

## Says Defeating Jackson Won't Be An Easy Job

NEW YORK (AP)—Ezzard Charles former world heavyweight king, says it won't be easy for Floyd Patterson to beat Tommy (Hurricane) Jackson in his first defense. Charles ought to know because the Hurricane whipped him twice.

Charles, now retired, arrived in town for Monday's fight at the Polo Grounds while the two boxers were nearing the end of their long training grind.

Patterson was due to finish his boxing sessions at Greenwood Lake, N.Y., today and Jackson's unpredictable schedule called for sparring today and tomorrow. The champ remained a solid 5-1 favorite.

Still puzzled about his two 1955 defeats by Jackson, the former champ tried to analyze the Hurricane's "style."

"You keep waiting and waiting for that one good shot," he said. "You're sure you are going to flatten him when you get that one good shot. First thing you know, it's all over and he beat you."

"I thought sure I would take him the second time we fought. But you never can get set. You wait and wait for the shot while he keeps you busy blocking punches instead of taking the lead."

"And he's not as easy to hit as it looks. His motion is so perpetual, especially for a heavyweight."

## Pro Football Teams Complete Player Trade

DETROIT (AP)—The Detroit Lions and the Green Bay Packers have completed a six-player trade that brings quarterback Tobin Rote and defensive halfback Val Joe Walker to the Detroit club.

The Packers in turn receive linemen Jim Salsbury, Oliver Spencer and Norm Masters, along with sophomore halfback Don McIlhenny.

Word of the deal leaked out late last night when Detroit Coach Buddy Parker called Rote's home in Bellaire, Tex., to inform Rote of the trade.

THESE ARE TEAMMATES?—Catcher Hal Smith and Third Baseman Eddie Kasko of the St. Louis Cardinals give way to no man chasing this pop fly. The result was this four-star collision, the ball dropping safely. One should have called out.

## Cards Lay Wood to 'Newk'; Curfew Ousts Them of First

By ED WILKS  
The Associated Press

Curfews are okay for keeping the kids off the streets, but the Sunday baseball one in Pennsylvania is keeping the St. Louis Cardinals out of first place in that National League scramble.

As is, the Cards are second, three percentage points and half a game behind Milwaukee. They slipped past Brooklyn's Dodgers 3-2 last night after the Braves were beaten 5-3 by Philadelphia.

But if the Redbirds, finally fattening up at home, could count Sunday's second game at Pittsburgh—which they led 11-2 in the ninth inning when the 6 p.m. curfew sounded—they'd be out front by two percentage points. (They complete that game Aug. 27.) After taking two of three from

the Dodgers, the Cards are a game ahead of both Milwaukee and Brooklyn on the "lost" side. The Brooks, now third, are just one point ahead of Cincinnati's Redlegs, who whipped Pittsburgh 9-1 last night. The Phils are 2½ back in fifth.

Sixth-place New York defeated Chicago's Cubs 5-2 in the other NL game, with Mike McCormick, the \$65,000 bonus kid, winning his first in the majors.

In the American League, Dick Donovan four-hit New York for a 6-2 victory as the Chicago White Sox again moved within 3½ games of the first-place Yankees. Boston swept the three-game set with Kansas City 5-3, Washington nipped Cleveland 3-2 in 10 innings, and Baltimore spilled Detroit 3-0.

The Cardinals laid the wood to Don Newcombe again to break a 2-2 tie in the eighth on singles by Al Dark and Stan Musial and a sacrifice fly by Wally Moon.

Right-hander Herm Wehmeier also ended a jinx while limiting the Dodgers to six hits, striking out six and walking three for a 4-4 record.

The Phillies, winning only three of the last 10, took two of three at Milwaukee as Robin Roberts shook off his worst slump ever—a string of seven losses since June 6. Hank Aaron belted his 30th home run, on Robin's 29th gopher ball of the year, and Red Schoendienst extended his hit streak to 22 games with an RBI single for the Braves, who had a run home and two on with two out when Dick Farrell relieved Roberts in the ninth. Ed Bouchee drove in three runs to help beat Warren Spahn, now 10-8.

Art Fowler gained a 2-0 record with a seven-hitter for the Redlegs. The veteran right-hander also singled for two runs in the second against loser Ron Kline. Ed Bailey and Gus Bell homered in Cincinnati's 11-hit total.

The White Sox took the rubber game in the big set at Yankee Stadium with eight hits, two by Jim Landis, who singled to lead off a two-run sixth that beat Bobby Shantz.

Donovan hit his first home run of the season to cap his 10th victory. He had a one-hit shutout until the seventh.

Bob Porterfield won his second with a six-hitter against the A's and Tom Gorman in his first complete game since July 17, 1956—when he beat the A's and Gorman 1-0. The Sox scored four in the second to nail it.

The Senators beat Mike Garcia for the first time since Aug. 28, 1955, when Ed FitzGerald lined a pinch RBI single off reliever Bud Daley. Russ Kemmerer won his third in a row.

Connie Johnson finished with a five-hitter against the Tigers, who had only two safeties for eight frames. Gus Triandos drove in three Oriole runs as Frank Lary, last year's top AL winner at 21-13, lost his sixth in a row for a 4-13 record.

McCormick, an 18-year-old southpaw whose only other decision was a 1956 defeat by St. Louis 4-0 struck out seven, walked three and allowed only one earned run on six hits before Marv Grissom came on to get the last two Cubs. Moe Drabowsky lost it.

Yell leader at high school for three years, at Southern Methodist University for three years, and then one year at the University of Illinois, Herkimer has also been a former AAU tumbling champion. Mr. Herkimer is appearing at the cheerleaders clinic for the fifth consecutive year.

The staff is teaching every phase of cheerleading—tumbling stunts, cheerleading techniques, tips on raising school spirit, mass demonstrations, crowd psychology, routines, and qualifications of a good cheerleader.

SMILES OF MUTUAL ADMIRATION—St. Louis Cardinal pitcher Larry Jackson, right, and shortstop Alvin Dark celebrate their team's victory over the Brooklyn Dodgers in the dressing room at St. Louis after the game. Jackson, who allowed only three hits in the 3-0 shutout, has never been defeated by Brooklyn in Busch Stadium. Dark made the victory possible by hitting two triples and scoring two of the three runs. ## Antitrust Law Takes Victory On One Side

WASHINGTON (AP)—Rep. Celler (D-N.Y.) said today a House investigation has convinced him the business side of professional sports "certainly must" be placed under antitrust laws.

Celler heads the House Antitrust subcommittee, which is inquiring into the legal status of major league baseball, football, basketball and ice hockey.

Hearings, now in the football stage, recessed yesterday after a group of past and present grid legends testified that pro football's player draft is essential to the sport.

The subcommittee plans to hear from other players and President George Halas of the Chicago Bears after the inquiry resumes next Wednesday. Commissioner Bert Bell of the National Football League also will be called back for additional testimony.

Baseball witnesses already have appeared before the subcommittee. Celler said they had exhibited more of a "holier than thou" attitude than NFL spokesmen.

The long-time representative from Brooklyn reacted indignantly to a statement by a co-owner Dan Topping of the New York Yankees that no other American League team could move into New York.

If the New York Giants and Brooklyn Dodgers take their National League franchises to the West Coast, New York would be left with one club—the Yanks.

Celler said that situation would be "barbarous." He said Topping's statement reflects a "materialistic" attitude that makes it "imperative" to provide antitrust laws to cover the business side of baseball.

Celler has introduced a bill that, in effect, would extend federal antitrust jurisdiction to all professional team sports. Some Congress members have said that would jeopardize such practices as the NFL draft and the reserve clause common in one form or another to sports contracts.

Celler declined to say whether he believes the investigation so far demonstrates his bill is the only solution. But he did say the "business aspects" of sports must be covered by antimonopoly statutes.

Yesterday, Red Grange, the famous Galloping Ghost of Illinois and the Chicago Bears, and Sid Luckman, the Bears' great quarterback of a few years ago, endorsed the present NFL setup.

So did three young gridiron giants: AND Jack Jennings of the Chicago Cards.

## Saddle Club to Have Hamburger Fry Sunday

Western Horsemen will have a hamburger fry Sunday evening at 6 p.m. at 32nd Street arena. Members are to bring hamburgers and salad for their family. Horseback riding will be enjoyed after the meal.

Lost to the Braves at last until Aug. 19, when he will be eligible to play again, is center fielder Billy Bruton who is getting around on crutches these days after suffering a severe knee injury. Joe Adcock, first baseman who broke his leg June 23, won't be available until September.

The Braves have one roster vacancy. If they add two players they would have to cut one.

## Play Safe While You Drive!

Keep alert—chew gum

Avoid traffic jitters and driving drowsiness. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension—helps keep you feeling fresh and alert for safer driving. Chew any brand of

By CHARLES MERCER  
NEW YORK (AP)—Carl Sandburg, the poet and biographer of Abraham Lincoln, aroused a good deal of attention recently when he expressed some strong personal views about television, before the General Federation of Women's Clubs in Asheville, N.C.  
Today he amplified his views in a filmed interview with Arlene Francis on NBC-TV's "Home" program. Here are his principal remarks:  
"More than half of the advertising on TV is filled with inanities, assinnities, sillinesses and cheap

gum you like but chew while you drive. Naturally, we recommend refreshing, delicious Wrigley's Spearmint Gum—for lively, satisfying flavor and real chewing enjoyment.

tricks. Television itself is a miracle in the sense that air and sunlight are old miracles with a use to them that we don't know. . . .  
"I can name the items on TV that for me are priceless. The personalities that I have come to know. The travel that I've had—scenes that I'll never have time to visit. . . . The Laplanders that I saw on TV a few evenings ago—and their way of living. In a newsreel, this big proud ship that foundered on a little reef down there at Bermuda—the pathos of that modern invention, the modern steamboat just helpless. . . .  
"I could name hundreds of scenes of that kind. And then the faces, the unforgettable faces that one gets on TV. . . . I'll bet that Dave Sarnoff (David Sarnoff, board chairman of RCA) couldn't speak more highly in praise of the TV than myself. . . .  
"There's a percentage of trash (in TV programs). But I can understand it. I know a lot about hokum. I was for seven years the motion picture editor of the Chicago Daily News. . . . There's a certain order of humanity—a certain layer that wants hokum. I've defined hokum in different ways. But it's still something mysterious. . . .  
"I've asked myself, suppose I was running a TV station here, there or anywhere in the U.S.A. with maybe a million people viewing. What would I do 16 hours a day, seven days a week, 52 weeks a year? What would I do? I'd look at it and I'd say, 'Oh, me—oh,

By JAMES BACON  
HOLLYWOOD (AP)—Joe E. Ross is headed for a bigtime movie career because of a hat.

The name Joe E. Ross may not mean much in Dubuque, Iowa, or Snow Shoe, Pa., unless you identify him as Mess Sgt. Rupert Ritzik, the No. 1 pigeon of Sgt. Bilko on the Phil Silvers' TV show.

Ross, a character right out of Damon Runyon, just completed his first movie in Hollywood. He's costarred with Hal March and

Merry Anders in "Hear Me Good," a comedy written, produced and directed by Don McGuire. Here's where the hat comes in.

"Paramount wanted Art Carney to do the part," Ross explains, "but McGuire wanted me. McGuire argued that Carney isn't funny without a hat on. Paramount argued that I always wore a hat on the Bilko show so how could I be funny without one."

The part, of course, doesn't require funny hats so to settle the

Ross scored in "Hear Me Good"

and now Paramount wants him back to play Yul Brynner's comedy sidekick in "The Buccaneer." It's a role which is all through the picture.

## New State President

## Young Democrat Leader Sees Job of Rejuvenating Clubs

(This is another in a series of stories about Missourians in the news. A picture is being serviced to mat service subscribers.)

By C. A. JOHNSON

INDEPENDENCE, Mo. — Harold Vince spread out on the table one of his many well marked maps of Missouri.

"We've got a big job to do down there," he said indicating a number of south-central counties where there are no organizations of young Democrats.

Vince, as you might gather, is the new president of the Young Democratic Clubs of Missouri, Inc.

In the next year Missourians probably will see a lot of this stocky, genial 39-year-old salesman as he goes about trying to sell the younger party members on organization—the kind with a capital "O".

He sees his job as one of rejuvenating clubs that have slipped and of organizing new clubs in cities, colleges and counties.

The organization now has 87 clubs with more than 15,000 members. Vince says that isn't good enough. In 1956 when he became head of the Eastern Jackson County Club it has 125 members. At the end of the year the club had 1,095 names on the roll.

Banking on the theme of "organization," Vince thinks he and his fellow officers on the state and local level can mobilize a good force of working young Democrats for the 1958 campaign.

Vince emphasizes the youth aspect of the group he heads.

"Eighteen is a ripe old age to become intensely interested in

politics. That was when his parents took him to a political rally in his hometown of Prairie Hill in Chariton County. Since then the sound of campaign oratory has been music to him.

le Dixie and Vince recalls that he hardly knew there was such a thing as a Republican until he went to Kansas City.

It was on a Friday night in 1935 that Vince was graduated from Prairie Hill High School. The very next morning he left for Kansas City "confident I could get a job and earn a living." Lack of funds left college out of the question. At home he had been working on Saturdays in a grocery store at \$1 a day for 16 hours.

His first job was with Montgomery, Ward & Co. in Kansas City. They started him out by testing his talents on washing down the big pillars in the plant.

But when he left there, seven years later, he was merchandise manager in the mail order department. He then went to Trans World Airlines and when he quit there 12 years later was manager of commissary service.

But Vince was itching to become more active in politics. He felt he couldn't do that as long as he worked for a big organization. So he went on his own, selling floor compounds for the Hill yard Sales Corp., of St. Joseph.

It wasn't too long before the Eastern Jackson County Club tapped him for president. Then he became executive vice-president of the state organization and editor of its publication, "The Missouri Young Democrat," the only statewide party publication in the state.

Vince's real name is Victor Harold, but he liked the Harold Vince combination so that is it. But he answers to the nicknames of Hal and Vic.

He describes his weight as "too much 208 pounds." He admits a good appetite and lists among his favorite dishes as Missouri country cured ham.

Although Vince didn't get to go to college he is one of the University of Missouri's top-notch football fans. He hasn't missed a home M. U. game since 1943.

"I love Missouri and M.U.," he says.

As for sports he prefers golf and for a hobby record collecting, but both have fallen behind as the result of his political activities.

His wife, Gertrude —Trudy for short—is an Independence school teacher. She is from Kirksville and is a graduate of Northeast Missouri State Teachers College.

They met when Vince went back to Prairie Hill for a visit. He stopped by the school, met Trudy, and after that came back for more visits.

Mrs. Vince shares her husband's enthusiasm in his organizational endeavors but as for activity sticks to teaching school, gardening and some golf.

Today was proclaimed "A Day of Prayer for Rain" in Massachusetts, by Gov. Foster Furcolo. He urged "everyone in his own way to ask God to provide us with the divine assistance our commonwealth so urgently needs."

The leading edge of the cooler air associated with the Eastern high-pressure belt moved slowly southward through Florida during the night.

## Dio Is Found Guilty in Case Of Conspiracy

NEW YORK — Labor racketeer Johnny Dio was found guilty last night in a \$30,000 union shake-down conspiracy. He faces up to two years in prison.

An all-male "blue ribbon" jury found Dio and two union leaders guilty after 23 hours of deliberation, spread over two nights and two days.

Convicted with Dio were Samuel Goldstein, 41, president of Local 239 of the International Brotherhood of Teamsters, and Max Chester, 41, former financial secretary of Local 405 of the Retail Clerks International Assn.

The defendants remained poked-faced as the verdict was announced and the jury rolled.

Conviction of Dio, a 43-year-old ex-convict came as the U.S. Senate Rackets Committee was preparing to open hearings Tuesday in its probe of his activities in labor affairs.

Also hanging over Dio's head is a federal charge that he was the mastermind in the acid blinding of labor columnist Victor Riesel.

Dio, Goldstein and Chester were charged with a deal to get the \$30,000 from two jointly owned electroplating firms as the price of "labor peace." Two partners in the firms testified for the prosecution that \$10,000 was actually paid out.

Dio, Goldstein and Chester were accused under a statute covering bribery of a labor representative. The jury's verdict makes Chester liable to four years in prison and Goldstein to three years.

General Sessions Judge John A. Mullen set sentencing for Sept. 5 and ordered the three men to jail until then.

Two of the jurors told newsmen after the conviction that there had been no division over conviction or acquittal during the marathon deliberations. They said the stumbling block was confusion over the status of Chester when he solicited the \$30,000.

The prosecution called Dio the "mastermind or brain" of the conspiracy.

In recent years, Dio has been operating what he calls a "labor consultant service."

Manhattan Dist. Atty. Frank S. Hogan, whose staff prosecuted the case, said the jury "has done the rank and file of labor a great service."

## Suspected Communists Flown to Formosa

MANILA — Five Chinese suspected of being Communists were forced aboard a plane for Formosa today after police flushed them from a barricaded bathroom with tear gas.

The four men and one woman fought with daggers, clubs and lengths of pipe before the gas subdued them and they were dragged from a cell block at the immigration station.

One was quoted as saying they faced "certain death by a firing squad" on Formosa for their leftist activity in the Philippines. They asked to be sent to Communist China.

The five had been detained from three to five years after roundups of suspected Chinese Reds in the Philippines. They denied being Communists and claimed they were framed by their enemies.

## 3 Teenagers Admit To Fatal Beating

ATLANTA — Three Atlanta teenagers, all married and two of them fathers of new-born sons, admitted the fatal beating of a Georgia Tech associate professor in a \$15 robbery.

Detective Lt. R. F. Jordan said all three signed statements last night and were held for investigation in the slaying and robbery a week ago of Dr. William Knox Pursley, 32, associate professor of physics at Georgia Tech.

Jordan identified them as Paul Francis Ardesier, 19, Andrew Joe Evans, 18, and Donald Gordon Little, 17.

The three were picked up six days after Pursley, a native of Clover, S.C., was found beaten and robbed on a sidewalk near his apartment. He died of a fractured skull the next day.

Eighty-five persons in the area which would have been annexed registered to vote. One died, one was ill and didn't vote, and three persons were out of town.

That left 80 voters, and the registrar checked off 80 persons who received ballots.

The final tally was 41 votes against annexation and 40 for it, a total of 81.

The election board at a meeting yesterday couldn't account for the extra vote, but decided the annexation proposal didn't carry.

## James Cagney Likes His New Life As Country Gentleman

By HAL BOYLE

NEW YORK — "I can think of nothing better for anybody than a busy life on a farm," said Jimmy Cagney, whose 75 movie roles enabled him to become a country gentleman.

"It's the most natural way to live. It's not so far removed from reality."

"I've been country-crazy myself since I was 5."

Gentleman Jim, the farmer, had to fight his way out from city streets to a place on the land.

Born in Manhattan's lower East Side, son of an Irish saloonkeeper who died young, Cagney went to work as a copy boy for the old New York Sun at 14. His first job in the theater was impersonating a chorus girl.

He knew many a lean year as a vaudeville hooper and Broadway actor before he won film immortality in 1930 by grinding a grapefruit in Mae Clark's face in "Public Enemy." Then came the golden deluge. But Jimmy, who was making \$150,000 a picture as long ago as 1937, is glad that neither his son, James, Jr., 17, nor his daughter, Cathleen, shows any interest in show business.

"It's a rough life," said the little redhead who graduated years ago from the roughneck roles that first won him fame.

"My boy is interested in farm genetics and Cathleen all her life has wanted to be a veterinarian. That suits me fine."

Cagney, who still dances daily to keep in shape, has plenty of pavement-free land now to rest his feet on. He has a 600-acre horse ranch in California, a 700-acre dairy farm with 90 cows near Millbrook, N. Y., and a 200-acre estate on Martha's Vineyard, where he likes to spend the summer just watching the grass grow.

Jimmy takes his farming seriously. He's trying to cross-breed Scottish highland cattle with conventional dairy cows to produce cattle "that need no barning and no winter feeding."

"The goal is a cow with a built-in thermometer," he said.

Cagney looked mildly offended when asked if he could milk a cow himself.

"I've done it," he said. "It's a darned good thing to know when the power goes out."

Jimmy has just completed "Man of a Thousand Faces," a Universal-International film that tells the life story of Lon Chaney, who, like

Cagney himself, began his career as a hooper.

"In order to be a hooper," he remarked, "there has to be something for a headache." Then gave the druggist a headache instead.

One struck the druggist, Edward Hutchinson, over the head with a wrench and the pair made off with \$30 from the cash register. Hutchinson was treated for a cut on his forehead.

Like many veteran performers ruled by a real understanding of showmanship rather than egotism or vanity, Cagney now limits himself to no more than two films a year.

"It's a great mistake to show the face too often," he said. "Let them see you too often, and I don't care who the individual is, he'll go by the boards."

"Show business has changed a lot. Going to a show in the old days was an event, and it meant more to be a headliner then."

"The illusion was greater, both for the performer and the audience. There was more glamor, or—his eyes twinkled—"is this merely age talking?"

"Perhaps it is. But although actors have more work now than when I was first knocking around, it also seems to me that they treat it more like work. They are more impersonal and businesslike. They don't seem to have the enthusiasm—the sense of personal illusion—the kids had in the old days."

"I guess this must be age talking."

## Says Tough Market Inapplicable to CBS

NEW YORK — The Columbia Broadcasting System says reports about a tough selling market for television time in the major networks don't apply to CBS.

William H. Hylan, CBS television vice president of sales administration, said his firm is enjoying "the best year in its history" in sales income and program popularity.

The two other major television networks—NBC and ABC—had no immediate comment on the reports, published in the New York Times yesterday and in the entertainment publication Variety.

The New York Times article, by Jack Gould, said CBS had 1½ hours of choice evening time available weekly, NBC 3 hours and ABC 5½ hours. Gould said that usually at least two of the coast-to-coast networks report at this time that they have sold out their choice evening hours.

## Pair Gives Druggist Headache; Rob Store

LEXINGTON, Ky. — Two young men walked into a drugstore yesterday, ordered "something for a headache," then gave the druggist a headache instead.

One struck the druggist, Edward Hutchinson, over the head with a wrench and the pair made off with \$30 from the cash register. Hutchinson was treated for a cut on his forehead.

## Report on Leopold's Plea for Term Cut

SPRINGFIELD, Ill. — Gov. William G. Stratton gets a report today from the Illinois Parole and Pardon Board containing its recommendations on Nathan Leopold's plea for release from Stateville Penitentiary.

The governor's decision is not expected until next week.

The board said the secret recommendations to the governor were "quite detailed" and were based on testimony of witnesses for Leopold at the board's July 9 hearing. The report includes the board's files covering the thrill murder of Bobby Franks, and the 33 years spent in prison by Leopold for his part in the crime.

## Question Of Juries Debated

Senate Argues On Amendment To Rights Bill

By Wilnot Hercher

WASHINGTON, July 25 (AP)—The Senate plunged into debate today on the biggest remaining issue in the civil rights bill—whether to guarantee jury trials in certain contempt cases involving alleged violations of voting rights.

Sens. O'Mahoney (D-Wyo.) and Kefauver (D-Tenn.) both argued for an amendment to provide such trials for persons charged with criminal contempt of court for violating voting rights injunctions.

A jury trial amendment also was supported by Senate Majority Leader, Johnson (D-Tex.), who said that while courts must have power to enforce their orders people accused of crimes "should have the opportunity to make their case before a jury of their peers."

But Minority Leader Knowland (R-Calif.) contended a jury trial amendment would "greatly weaken the effectiveness" of the bill. Knowland, in addition to being the GOP leader, heads a loose coalition of Republicans and Northern Democrats working for civil rights legislation.

### CITE RACIAL BIAS

One argument used by opponents of the jury trial amendment is that Southern white juries wouldn't convict when Negro voting rights were involved.

Both O'Mahoney and Kefauver have introduced similar jury trial amendments.

Kefauver told the Senate his draws a clear distinction between civil and criminal contempt, with the right of trial by jury provided only in the latter type of case.

He said that if a voting registrar, for example, should ignore a court's order the judge would have no alternative except to cite him for contempt. But he said the judge could do it in one of two different ways.

If the judge wanted to punish the registrar for his offense, Kefauver went on, he would have to permit a jury trial. But if he merely wanted to secure compliance with his order, he could jail the registrar without a jury trial until the official complied.

### LINES BEING DRAWN

"The registrar would have the keys (to the jail) in his pocket, so to speak," the senator said. The Senate ran out of speakers at 5:32 p.m. and recessed until noon tomorrow.

Senate lines have not been drawn firmly yet on the jury trial issue. A conference of all GOP senators was called for 9:30 a.m. tomorrow to discuss the question. Southern Democrats scheduled a meeting of their own for half an hour later to decide whether to support the amendment in the form offered by O'Mahoney.

Knowland said at the opening of today's session that the administration still has "a good civil rights bill" despite the major surgery performed by O'Mahoney.

## Labor Conspiracy Conviction for Dio

Ruled Guilty of Soliciting Funds From Employers in Labor Racket

NEW YORK, July 25 (AP)—An all-male jury tonight found racketeer Johnny Dio guilty of conspiring to get money from employers to insure labor peace.

After a total of 23 hours deliberation the jury found Dio, whose full name is Dioguardi, guilty on one degree of conspiracy and guilty on another count of aiding and abetting in soliciting \$30,000 from two electroplating firms.

## Annual ASC Nominations Under Way

July 30 Deadline; Heavy Voting Seen In Coming Elections

Nominations of candidates for ASC community committeemen for one-year terms beginning Sept. 2 is now under way in all townships of Pettis County. July 30 is the final date for the community election board to receive nominating petitions.

The annual ASC election of community committeemen in every township will be Aug. 14. Because of the growing interest in farm program activities, the vote in the coming ASC elections is expected to be heavier than in any recent year.

ASC community committeemen represent the townships in the local administration of government price support, cost-sharing conservation, soil bank and acreage allotment programs. Each township has its own "ASC community committee" consisting of three members—a chairman, vice chairman and regular member. Each committee also has two alternate members.

Each community election board is expected to nominate at least 10 persons for the five ASC committee posts. Additional nominations may be made in any township as late as July 30 upon petition of ten or more qualified ASC voters in the township. If such

## Street Bazaar Gets Generous Merchant Help

The story is going around of the Sedalia man who was so generous in giving the space in front of his store to organizations that he ended up not having room to sell his own merchandise for the Street Bazaar which will be held Monday and Tuesday, July 29 and 30.

Merchants participating have those bargain specials all ready and along with the organizations will give the downtown section the air of street markets in foreign countries. Here, however, there will be no bartering, for nothing will be high priced to begin with. The merchants will start with the very lowest prices possible.

There will be bright signs giving the names of the booths and everything will be sold by organizations from old hats to football tickets.

In the 100 block on East Main on the south side of the street will be the booth of the Georgetown WSCS where baked goods, produce and fancy work will be sold.

## Bevan Protests Action

## British Jets Blast Oman Rebel Fort

By John Gale

LONDON, July 25 (AP)—The British said tonight RAF Venom fighters blasted the rebel fort of Izki in Muscat and Oman with cannon and rocket fire but claimed there was no loss of life. The rebels had been forewarned and presumably fled before the attack, they said.

The announcement by the Air Ministry in the House of Commons set off rumblings of a parliamentary row.

The Laborite foreign affairs spokesman, Aneurin Bevan, said Britain's declared intention of helping the Sultan as "a staunch friend" was no more than "a statement of sentimentality." The Sultan of Muscat and Oman is allied with the British by treaty.

### DEMANDS STATEMENT

Bevan demanded a full statement by Foreign Secretary Selwyn Lloyd next week on the grounds that reasons other than those of-

ficially mentioned lay behind the British intervention.

Lloyd, amid Conservative party cheers, replied that British influence and interests would suffer if the country ignored the problems of its friends.

Britain announced Monday it had agreed to help the Sultan crush a revolt led by the deposed imam—religious leader—in the Arab sultanate.

### PLAN FURTHER STRIKES

The Air Ministry statement said Izki was burned out by cannon during 12 strikes by British warplanes Wednesday.

"Before commencing the strikes the pilots ascertained there was no movement and no sign of life within the fort," the communiqué said. The occupants had been forewarned of the attack in leaflets dropped by the RAF.

It added that further air strikes were planned against another rebel stronghold at Niswa, 50 miles from Izki, but that these would be carried out only after 48 hours' notice to the occupants.

## Missouri Legion Members Gather For Convention

KANSAS CITY, July 25 (AP)—Friendships made during the nation's hectic war years were renewed today as veterans of three wars gathered for the 39th annual convention of the Missouri American Legion.

Most sessions of the three-day convention will begin tomorrow. More than 5,000 Legionnaires and their wives are expected to attend. One of the early arrivals was George H. Bade, Berger, Mo., a candidate for department commander.

"Every year I come to these state conventions—haven't missed a one—to meet my old buddies again," he said.

"That's the real, best reason for these conventions — to see once more those of your war buddies who are around."

The other two candidates for the post of state commander are Dr. Rudolph Zern, St. Louis, and William H. Cain.

# Aid to Schools Dies in House

## Integration Provision Is Factor

Second Year Of Defeat for Aid Measure

By J. W. Davis

WASHINGTON, July 25 (AP)—The 1½-billion-dollar school aid bill, which had an "acceptable" label from the White House, was killed in the House today.

This was the second year in a row that the House has rejected an aid bill, and the pattern of destruction was the same — adoption of an antisegregation amendment and then rejection of the whole thing.

The final vote was closer this year, however — 208-203 as compared to 224-194 last year.

And there was some last minute interest in an argument over whether President Eisenhower really cared very much whether the bill passed or not.

After it was all over, press secretary James C. Hagerty said the White House would have no comment.

On the final test, 111 Republicans—including Rep. Halleck of Indiana, the assistant GOP floor leader—and 97 Democrats voted to kill the bill. Against killing it were 125 Democrats and 77 Republicans.

### WANTED NO RACE ISSUE

The antisegregation amendment was offered by Rep. Wainwright (R-N.Y.), over administration opposition. Eisenhower had asked that what he called the separate problem of racial integration not be thrown into the school aid controversy.

But Wainwright was unmoved. He proposed that no federal funds be used to help schools in districts which do not comply with the Supreme Court's ruling against segregation.

"It is the rankest hypocrisy," Wainwright told the House, "to vote civil rights with one hand and put up the other the next day to take these precious rights away."

The Wainwright amendment was adopted on a standing vote of 136-105. The House thereupon voted 153-126, again on a standing vote, to kill the whole bill.

This standing vote had only tentative status, and Rep. Howard Smith (D-Va.) moved for a roll call vote to strike out the enacting clause of the bill, thus killing it finally.

Smith's motion prevailed 208-203.

Rep. McCormack (D-Mass.), the House majority leader, twitted the Republicans. He said 57 per cent

## As Part of Disarmament Start

# U.S. Asks Missile Research Devoted to Peaceful Causes

By Watson Sims

LONDON, July 25 (AP)—The United States proposed today that during the first stage of disarmament a scientific committee should work out a way for devoting all outer space missile research to peaceful purposes.

## Fugitive Says Story He Slew Cops Was Lie

Sought Escape From Chicago Prosecution For Tavern Holdups

OAKLAND, Calif., July 25 (AP)—Police Capt. Anthony Bolger announced today that William T. Allen, 25, admitted his story of slaying two policemen at El Segundo, Calif., was "a lie to escape prosecution by those tough Chicago cops."

Allen, a fugitive from an Illinois mental institution, is wanted in Chicago and St. Louis in connection with tavern holdups.

Bolger said Allen admitted the slaying confession hoax after being questioned six hours by Southern California officers.

### RELEASED TO CHICAGO

Bolger announced that he had informed Chicago and St. Louis authorities they could have custody of Allen.

Bolger also said he would turn Allen's alleged robbery confederate, David Costa, over to Chicago authorities.

Bolger said Chicago police plan to ask extradition of Allen to face robbery and escape charges. Allen escaped Feb. 9 from officers while being taken from the Chester County (Ill.) Mental Hospital to Chicago for trial on robbery charges.

Inspector Magner Thompson said Allen told Oakland officers

Harold E. Stassen told the United Nations Disarmament subcommittee Russia and the West should join forces to find a way of controlling all objects sent into outer space. He said the first stage of any disarmament treaty should include a firm commitment by all signatory nations that such a committee would be created.

The actual banning of such research, however, would not come until the second stage of disarmament—or until after scientists had agreed on a system of enforcement.

Today's proposal appeared to make a much more cautious approach, if not an outright change in attitude, on the part of the United States toward the missile problem.

Stassen proposed on April 25, in the subcommittee's first round of discussions that all research on Inter-Continental Ballistic Missiles actually be halted in the first stage of disarmament.

Subsequently, however, missiles and other phases of disarmament were discussed in Washington on May 25 in a top-level meeting which led to a new U.S. plan for partial disarmament. In addition, missiles, like aerial inspection, have been the subject of lengthy private consultations between the United States and other Western nations.

Soviet delegate Valerian Zorin, who had never announced either his acceptance or rejection of the first U.S. proposal, did not accept or reject today's statement. He

## Katy Move to Abandon 87-Mile Holden Line

WASHINGTON, July 25 (AP)—The Missouri-Kansas-Texas Railway today asked the Interstate Commerce Commission for a permit to abandon its 87-mile Holden subdivision, linking Bryson, Mo., and Paola, Kan.

The company said the section has been operated at a loss and there is "no reasonable probability that it can ever be operated profitably."

said Russia will study the proposal in the light of its own past proposals on the subject.

On the basis of past reports from the closed subcommittee meetings, however, it appeared that missiles may present a major sticking point for East-West agreement.

## Man Is Hurlled From Airliner By Explosion

Craft Lands Safely With 28-Foot Hole Ripped in Its Side

LOS ANGELES, July 25 (AP)—A passenger who had insured his life for \$125,000 was blown out of an airliner today in a weird mystery 10,000 feet above the Southern California desert.

The twin-engine Western Airline Convair made a safe landing with a 28-square-foot hole in its side. Twelve other passengers and three crew members were unhurt.

Blown from the plane was 52-year-old S. F. Binstock, a retired North Hollywood jeweler who flew to Las Vegas, Nev., early last night and then took an early morning return flight. His body had not been found hours after he plunged from the plane.

### FIND BULLET HOLES

The Air Force this afternoon found fragments of the fuselage in the hills about 20 miles south-east of George Air Force Base, where the plane landed.

Investigators first believed an explosion had ripped the hole in the airliner's fuselage but absence of powder marks plus the discovery of what appeared to be four bullet holes produced an even more bizarre possibility.

Western Airlines officials said the FBI found four apparent bullet holes near the ripped out portion

## Displays Continue Today

# Achievement Days Begin

A young creative man fascinated judges at the Achievement Days exhibit by 4-H Club members Thursday morning with his portable barbecue pit. The boy, 15-year-old Dave McCune, Manila 4-H Club, took the frame of his own baby buggy and placed in it a 15-gallon oil drum which he had cut in two, long ways, and put hinges on. In the bottom he put sand on top of which he placed a metal shelf which had come out of an old refrigerator or stove, then charcoal, and finally, for the grill, a shelf from an old refrigerator.

He painted the buggy and drum with aluminum paint, hung a tea towel, a big spoon and a big fork on the handle of the buggy and he was all ready for a barbecue anywhere because he can just wheel it any place he pleases. Dave had other ideas, too. He made a very attractive picture from wallpaper and painted the frame with something between a gold and a bronze that appeared

to be a mixture of the two. He also made a lamp and the judges were a little curious. Ordinarily they would have said it was just a refinished lamp but with Dave's ideas they wondered if it, too, was made from odds and ends that the boy could pick up.

The exhibit will continue today from 8 a.m. to 3 p.m. at the Smith-Cotton high school cafeteria.

Farm name signs are a work of art and might be ideas the town people can pick up for their own front yards. Then, too, in the woodwork there is the picnic table that converts into a bench, a work bench, bookcases, bookends, a beautiful shadow box made from an old time picture frame painted white and gold. Then there were flower boxes, bird houses, knife racks, trellises, and many other things.

The electricity exhibit would interest both men and women, and the women's interest would come from a division. A beautiful

lamp was made from an old coffee mill which also served as a planter another from the old fashioned handpainted lamps popular at the turn of the century, and several from the bases of old coal oil lamps. Another lamp base of brass was also a planter. There is a three-way switch hookup, brooders from buckets and a power tool in the electricity exhibit.

All the ingenuity, however, does not belong to the boys. A girl has made a night table from an old fashioned churn. That is what it is now and she plans to do a little more to it later, perhaps to the inside of it.

"Look at the room in there," said one of the judges lifting the top up. "Think of all the things you could put in there, all of the socks."

In the home furnishing exhibit are a number of very unusual pictures, all except two from different clubs with five clubs represented. One is an oil painting of a

and very beautiful tapestry picture, one where the youngster didn't like the plain white mat so she picked up the color in the flowers for a mat and gave it distinct character, and then there were pictures painted on glass.

In this department, too, is the dressing table that has been refinished and given a dainty skirt of white nylon with red dots, adding little red ribbon bows. The little bench was covered with the same material and a bedspread to match completed the set.

Another girl took an old clothing bag frame that had but one hook, added two hooks taken from coat hangers and taped them so they wouldn't catch. She made the bag of yellow material and had matching hat box. There were many pretty hat boxes and a TV stool was made entirely from frame to holstery. There were pillows, too, waste baskets made from

Mrs. Arthur Jost

## Miss Frieda Newman Exchanges Vows With Sgt. Arthur Jost

Miss Frieda Newman, daughter of Mrs. Roberta Newman, 611 Wilkerson, became the bride of Sgt. Arthur Jost, son of Mr. and Mrs. Frank B. Jost, Morris, Minn., at 9 o'clock, Saturday morning, July 6, at Sacred Heart Church with Rev. Pelletier performing the double ring ceremony and the nuptial mass, before an altar banked with majestic daisies and arrangements of jade. Smaller bouquets of the same flowers adorned the altar rail. Alternate pews were decorated with white satin bows and jade.

Miss Martha Berlin played the organ and the children's choir sang, "On This Day Oh Beautiful Mother" and "Ave Maria".

The bride given in marriage by her uncle, Albert Newman, 523 West Third, wore a gown of frost white organza over net and bridal train. The fitted bodice was fashioned in a very low scoop neck and short sleeves. A wide band of imported Venise lace outlined the neck and held the shirring of short sleeves. The very full skirt flared from a fitted waistline and lengthened into a chapel train. Floating panels of organza were gathered at each side. Panels of Venise lace curved over the hips and descended to the hemline at the back. The brides headpiece, a shaped bandeau of silk outlined with lace, and embroidered with pearls held her fingertip illusion. She carried a white prayer book arranged with a white orchid and stephanotis.

The maid of honor, Miss Dorothy Drechsel, cousin of the bride, wore a flaring princess dress of pale blue, all over embroidered French organza lined with taffeta. The sleeveless bodice had a Sabrina neckline and a flat bow of organza which defined the high midriff. The center front and back formed panels which accentuated the princess line. Her headpiece was a pale blue bandeau of ribbon straw. She carried a colonial bouquet of blue carnations.

Staff Sgt. Charles Gail, of Whiteman AFB served as best man. Bill Rude and Lester Stone served as ushers.

The brides' mother chose a dress of pale pink trimmed with lace, her accessories were white and a white carnation corsage completed her ensemble.

The bridegroom's mother wore a pink dress trimmed in satin. Her accessories were also white and she too had a white carnation corsage.

A reception was held at 2 o'clock in the afternoon at Bothwell Hotel. The bride's table covered with white net over pink satin was centered by a three tier wedding cake, topped with a tiny bride and groom. Entwined with fern and sweetheart roses, and silver

## Miss Kitchell, Jerry Snyder Exchange Vows

The marriage of Miss Martha Marie Kitchell, daughter of Mr. and Mrs. Charles Kitchell, California, and Jerry M. Snyder, son of Mr. and Mrs. Earl Snyder, High Point, was solemnized at half past seven o'clock Friday evening, July 12, at the Presbyterian Church in California. The Rev. R. W. Furk performed the double ring ceremony before a chancel set with arrangements of white gladioli and blue delphinium and five-branch candelabras. Two seven-branch candelabras with bouquets of white gladioli and blue delphinium were on each side of the altar and palms and jade foliage formed the background.

Mrs. T. E. Heyssel, organist, played a program of nuptial music preceding the ceremony. Jerry O'Banion sang "O Perfect Love" and at the close of the ceremony "The Lord's Prayer."

The candles were lighted by Harry Snyder and Fred Snyder of High Point.

Preceding the bride to the altar was her maid of honor, Miss Sue Kitchell, and junior bridesmaid, Miss Linda Kitchell. Both are sisters of the bride. The honor attendant wore a French blue ballerina length dress of nylon jersey over taffeta and net designed with a shirred fitted bodice with draped jersey fastened at front of bodice with row of self-covered buttons. Ribbon streamers fell from the neckline in back to the hem of the skirt. She wore a halo hat of blue net and yellow carnations. She carried a crescent bouquet of yellow carnations. The bridesmaid's dress was of blue corded organza. Her halo hat was of white embroidered net and yellow carnations. She carried a bouquet of yellow carnations.

The bride, given in marriage by her father, wore a ballerina-length gown of Chantilly lace and nylon tulle over slipper satin. The form fitting lace bodice featured an illusion yoke with small jeweled collar and the long sleeves tapered to points over the hands. The bouffant skirt was fashioned with a center front panel of scalloped lace and applied nylon tulle. Tiers of net ruffles formed the back of the skirt with a lace peplum and scalloped lace panels on each side. Her fingertip illusion was secured to a crown of petal shaped imported iridescent fringe. She carried a crescent shaped bouquet of stephanotis centered with three white phalaenopsis orchids on a background of petal-shaped iridescent fringe.

Larry Strickland served as best man and Kenny Snyder was groomsmen. Harry Snyder and Fred Snyder ushered.

Little Debra Keil, Kansas City, flower girl, was dressed in blue corded organza trimmed with nylon lace and her lace bandeau was trimmed with yellow chrysanthemums.

The bride's mother was attired in a navy cotton lace dress over taffeta with navy and white accessories. The bridegroom's mother wore a navy and white figured nylon dress with navy accessories.

Immediately following the ceremony a reception was held in honor of the newlyweds in the church parlor.

The three-tier square wedding cake was topped with a miniature bride and groom. The bride's table was centered with an arrangement

## Agriculture Achievement

# Moniteau County Couple Will Be Honored for Advancement

A Moniteau County couple, Edmond and Celeste Renken, will be honored Saturday, July 27, by the Skelly Oil Co. for their part in the agricultural advancement of Missouri. The couple will receive the W. G. Skelly Agricultural Achievement Award, including a \$100 United States Savings Bond, a gold lapel pin and the achievement award scroll.

The presentation will be made at a community breakfast where neighbors and friends will join them. During the breakfast the family will hear the oil company's

NBC program, "This Farming Business," originating from Chicago and featuring Lloyd Burlingham and Alex Dreier.

The Renkens have been able to double production on their 170-acre farm since they sold off the other 170 acres and concentrated their resources and talents on the home place.

Annual output now includes 23,000 pounds of poultry. They also sell beef, 6,500 dozen eggs, 10,000 pounds of pork. They also sell 6,000 pounds of lamb plus 550 pounds of wool.

Crop productions include 1,000 bushels of corn, 800 of wheat, 800 of barley and 1,000 of oats.

Plans for future operations include increasing the sheep flock, keeping more poultry and improving more pasture acres. In the meantime they have terraced and farmed on contour 160 acres of crop land. Twenty acres have been renovated and field cover is provided for small grain during the fall and winter. They also have built two large stock ponds to slow down run-off and to provide water for livestock. All cropland has been fertilized, according to soil tests, including the use of three to five tons of lime per acre and 1,000 pounds of rock phosphate.

Three of the seven Renken children are now away from home. Ronald, a graduate of Ozark Bible College, is minister of the Christian Church in Thayer, Kan. While at home he was an ardent 4-H Club worker. In fact, \$340 saved in his club projects helped pay his college expenses.

Frances Ann has been teaching at Russellville, Mo., and will return to Warrensburg State Teachers' College to complete work for her degree. Deloyce, since her high school graduation, has been a law firm bookkeeper in Kansas City.

Each of the four young Renkens still at home has a definite responsibility. Gayle, who will enter Warrensburg this fall, has charge of the milk cows, calves and pet lambs and feeds silage to all the livestock. Janice, a seventh grader at the reorganized High Point school, cares for the 600 bird laying flock. Ruth Elaine, a junior in Russellville High School, has charge of the 300 hen hatching egg flock. Nine-year-old Keith, a third grader, does the house chores.

The Renken family belongs to the Union Christian Church, where Edmond is the Sunday School superintendent. He also belongs to the National Farmers' Organization, the Moniteau County Missouri Farmers' Association, the Moniteau County Agriculture Extension Council, the Moniteau County Balanced Farming Committee and the Russellville Rural Fire Association. In addition, he is a member of the Moniteau County Livestock Committee and has served as an FFA committeeman and as a livestock leader for the Grant 4-H Club.

Celeste Renken's special farm job is keeping the records. She also is active in the work of her church and has been leader for clothing project members of the Grant 4-H Club.

Both Edmond and Celeste Renken have long worked as leaders in their community. They help prove new farming practices and have many times loaned good seed — oats, wheat or barley — to neighbors who needed it.

In naming Edmond and Celeste Renken to receive the W. G. Skelly Agricultural Achievement Award this week, the awards committee cited their outstanding family life and community activities as well as their exemplary farming operation.

The presentation of the award to the Renkens will mark the second time it has been given to a Moniteau County resident. Nine years ago the award was given to Lowell and Gladys Billingsley.

## Mrs. Rabourn to Attend

# Choose Local Representative For 'Woman of the Year'

Mrs. Evelyn Rabourn, wife of J. H. Rabourn, 1022 East Broadway, has been chosen to represent the Sedalia Chapter of the American Business Women's Association in competition with candidates from other chapters for the title of National Woman of the Year, at the national convention to be held in Oklahoma City in October.

Mrs. Rabourn was born in Lexington, Mo., the daughter of O. V. Bradley, Jefferson City, and Mrs. Sadie Bradley of Sedalia, and came to this city to live when she was in the seventh grade. She was graduated from Broadway School and Smith-Cotton High School in Sedalia, and attended Central Missouri State College at Warrensburg for two years. Then romance came into her life and June 29,

1929, she was married to Mr. Rabourn.

For ten years Evelyn was co-owner and operator with her husband in three grocery stores but regardless of how busy she was with the stores and the many other activities she always had plenty of time for their one and only child, Bill.

It was in 1950 that they sold two of the stores and she returned to CMSC to complete her college work. By this time Bill was in college, too — the same college. In 1952 she received her B.S. degree in education and in 1955 her master's degree in administration and supervision. In her entire life, from the second grade through college, she never missed a day of school.

For the past seven years she has taught in the Sedalia public schools system, continued to help operate the one grocery store and, during the summer, has worked in the administration building offices at the Missouri State Fair.

With all her busy life, Evelyn has been very active in civic work. She has served as president of the Jefferson School Parent-Teacher Association and later Smith-

ton PTA. She is immediate past president of the Sedalia Alumni Chapter of Central Missouri State College, served for three years as treasurer of the American Association of University Women, has been treasurer of the Community Teachers' Association, and last year was a member of the program committee, was auditor for the Community Teachers and a ter Chapter of the American Business Women's Association.

Evelyn says she is never happier than when she is giving a pro-delegate to both the state convention in Kansas City and district convention in Warrensburg. She is now president of the Sedalia Chapter of the American Business Women's Association.

She loves teaching and is happy that her son is following in her profession. The best Christmas present she ever had, Evelyn said, was last Christmas when her son gave her a daughter-in-law — who is also a teacher.

Each member made a litter bag. Miss Joyce Weathers and Miss Jane Younger showed a film on civil defense.

Cookies for the Air Base Blood Bank will be made at the home of Mrs. J. L. Knight. Mrs. Leonard DeBord and Mrs. R. T. Knight will assist.

Games were played with Mrs. L. W. DeBord and Mrs. J. L. Knight winning prizes.

A watermelon feast will be held at the park August 1.

## Beverly Butts Becomes Bride Of Clay Zey In Double Ring Service

At eight o'clock Friday evening, July 12, Miss Beverly Ann Butts, daughter of Mr. and Mrs. Paul R. Butts, Beverly's Beach, Gravois Mills, became the bride of Clay A. Zey, son of Mr. and Mrs. Olin Zey, Clarksburg, at the First Christian Church in California. The double ring ceremony was performed by the Rev. Melvin McCurdy, assisted by the Rev. Ivan Dameron. A large family Bible opened in front of a gold cross centered the altar with bouquets of variegated pink and white gladioli in the background.

Miss Jean Wagner sang "Because" and "The Lord's Prayer," accompanied by Miss Mary Hert, organist.

Miss Hebe Briceno, San Juan, Coasta Rico, lighted the candles. She wore a pink taffeta ballerina gown trimmed with pink and white flowers. Her headdress of pink nylon net was trimmed with sequins. She wore a white carnation corsage.

Given in marriage by her father, the bride wore a floor length gown of white slipper satin and Chantilly lace. The lace extended from the bodice onto the softly gathered skirt and formed twelve deep points. Her fingertip veil cascaded from a coronet of tulle and orange blossoms. She carried a bouquet of pink roses.

Miss Delores Harlen, California, was maid of honor and Miss Helen Krull, New Haven, and Miss Roberta Lynn Butts, California, were bridesmaids. Miss Harlen and Miss Krull wore identical gowns of white lace over matching taffeta with nylon headbands trimmed with sequins. Miss Butts wore a gown of white sheer over pink. Her pink headband was sprinkled with sequins. All the attendants carried bouquets of pink carnations.

Ralph Melville, Mission, Kan., served as best man and ushers were Curtis Gillilan, Clarksburg, Dr. Charles Butts and Abe Zey, California.

Deborah Butts, flower girl, was dressed in white sheer over pink with matching headband.

Christopher J. Butts carried the rings on a heart-shaped pillow of white satin edged in lace. They are the children of Dr. and Mrs. Charles Butts.

For her daughter's wedding, Mrs. Butts chose a white ribbon sheath dress with chiffon sash and pink and white accessories. Her corsage was of pink carnations. The bridegroom's mother was attired in a brown and white print dress with white accessories and carnation corsage.

Immediately following the ceremony a reception was held at the church for 150 guests.

A four-tier wedding cake topped with a miniature bride and groom centered the bride's table. Lighted tapers in crystal chandelabra and arrangements of white gladioli completed the table appointments.

Mrs. Abe Zey and Mrs. Rosemary Butts served. Miss Shirley Hegg and Mrs. Paul Barbour had charge of the gifts. Miss Hebe Briceno had charge of the guest book.

The couple left on a wedding trip to the Ozarks following the reception. The bride's going away ensemble was a white tulle dress with lace insert and velvet ribbon trim. Her accessories were white and her corsage was of roses.

The bride is a graduate of California High School and is a junior at Central Missouri State College. She is a member of Theta Sigma Upsilon social sorority.

The bridegroom is presently stationed with the Navy at Olathe, Kan., but will be sent to Naples, Italy, in the near future. His bride will join him there.

Among the out of town guests

Mrs. Clay A. Zey

were: Mr. and Mrs. Ralph Melville, Mission, Kan.; Mrs. A. F. Montgomery, Mr. and Mrs. Ernest Major, Mr. and Mrs. Logan Bolinger, Kansas City; Mrs. Ernest Major and family, Kansas City, Kan.; Mr. and Mrs. Oscar Major, Miss Nancy Major, Roy M. Major, Sedalia; Miss Judy Northell, Mrs. Paul Barbour, Jefferson City; Mrs. William Richman, Rochester, N.Y.; Mr. and Mrs. Krull, Miss Helen Krull, New Haven; Miss Margaret Yeates, Miss Freddie Mae Fein and Miss Karlene Maucier, Warrensburg.

Miss Patsy Ann Eaton, whose engagement and approaching marriage to A. L. Robert Keith Suits, son of Mr. and Mrs. Fred Suits, St. Albans, W. Va., is announced today by her parents, Mrs. Laurene Brown, 217 East Sixth, and M. L. Eaton Sr., New Orleans, La. The wedding will take place Sept. 1 at the First Baptist Church.

## Two Posts, Same Time

John Marshall was secretary of state in John Adams' cabinet when the government moved to Washington in 1800. After his appointment as chief justice, he continued both as secretary of state and chief justice until March 4, 1801. He is the only man in the history of the U. S. government ever to occupy those two offices at the same time.

## Striped College 4-H Has Supper-Program For Their Families

The members of the Striped College 4-H Club honored their parents and leaders, Wednesday night July 10, with a fried chicken dinner served in the basement of the Striped College School. Caroline Staley and Joyce Kroeger of the Food Preparation V class prepared hot rolls and cherry cobbler. Judy Hopkins of Food Preparation IV class prepared escalloped potatoes and a relish tray. Sheila Linville of Food Preparation I assisted with preparing butter pats.

The basement was decorated with green and white and the tables had garden flowers for centerpieces.

Group singing was led by Caroline Staley and accompanied by Mrs. Charles Leiter. A group sang a nonsense song. Sheila Linville played an accordion solo. Patty Rodewald and Joyce Kroeger gave a pantomime of "Seventeen."

The highlight of the evening was a talk and colored slides by Mrs. L. W. Lingle of Windsor. She told of her experiences which she had last summer when she traveled in Russia.

At the close of her talk the 4-H Club presented her with a gift.

## Survey Shows Coffee Makes Jobs for Many Americans

By GAYNOR MADDOX  
NEA Food and Markets Editor  
NEW YORK —(NEA)— There's more to a coffee break than time out from work. Your cup holds jobs for Americans. Over 375,000 workers from Maine to California are paid annually with coffee bean money, according to a new report.

The 14 Latin American coffee exporting countries spend over \$2,700,000,000 a year for American products. Forty-two per cent, or \$1,134,000,000 of it is from coffee sales to the United States. Most of that sum gets stuffed into American pay envelopes.

These figures come from an economic survey, just completed, made for the Pan American Coffee Bureau of New York. This 20-year-old organization represents 11 countries which supply 97 per cent of the United States coffee imports from Latin America. Members are Brazil, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Guatemala, Honduras, Mexico and Venezuela.

The survey was based on 1955 figures, the latest completely available, plus official government data and confidential trade reports from 1,058 American companies who sell to those countries.

Americans are dream-boat to the coffee planter. Coffee is drunk in 97 out of every 100 homes, in all eating places and in most institutions. In 1955, the survey reveals, we imported 2,599,223,000 pounds, 88 per cent of it from Latin America.

But our Latin American neighbors, where everyone is either directly or indirectly dependent on coffee, have returned the compliment. Coffee growers, together with other exporters in those countries, spent 630 million dollars for our heavy machines, 517 million for American motor vehicles.

The larger states got their cupful of coffee pot money, too. Ohio sold \$245,824,000 worth of machines, metal, rubber, chemicals and glass to Latin America. Of that sum, \$162,700,000 was spent in wages to American workers.

Illinois workers and farmers got \$131,700,000 coffee dollars and in

## Hodler-Wood Nuptials

Miss Mary Kathryn Hodler, the daughter of Mr. and Mrs. Harvey Hodler, California, became the bride of Clyde Wood, son of Mrs. Lillie Wood, also of California, at 3 o'clock Saturday afternoon, July 6 at the Annunciation rectory. The Rev. James P. Owens performed the double ring ceremony.

The bride wore a light blue street length dress with white accessories and red rose corsage.

Miss Phyllis Baker, cousin of the bride, and Allan Imhoff were the only attendants.

The bride is a 1957 graduate of California High School.

The bridegroom completed his schooling at Ft. Riley, Kan., and is now stationed at New Orleans, Louisiana.

New York, 37,200 men and women earned \$167,200,000.

Our 14 Latin American neighbors like what our workers produce. On a population basis, these countries, taken together, are our best customers, except for Canada, and prove that this two-way trade builds a sound basis for inter-American prosperity.

In 1955, their per capita spending for American goods was \$20. The figure for the United Kingdom was only \$18, for West Germany \$12, France \$8 and Japan \$7.

Brazilian-born Vito Sa, president of the Pan-American Coffee Bureau, expects Latin America's share in our exports to grow.

"The population in these countries is increasing faster than in any other area of the world. It is now 140 million. By 1975 it will probably be 200 million," Sa explained. "Also, there is a steady growth of industrialization, as the nature of their imports from the United States shows."

But he stressed that how much these countries can buy from the United States depends mainly on the value of what we buy from them.

## Suspects In Mails Thefts Being Held

Cooper County Sheriff Lyburn Mann Thursday tagged two suspected mail thieves, arrested Saturday in Illinois, as the men who allegedly stole more than \$225 worth of state and federal old age assistance checks from rural mail boxes in the Buncheon area.

The two men were arrested Saturday at Melrose Park, Ill., as they attempted to cash one of the many checks allegedly stolen on a wide sweep through central Missouri and parts of Illinois.

The two men are Darrell D. Baker, 30, of Browning, Mo., and Elliot R. Ambrose, 32, of Melrose Park. They are presently being held by police at Chicago but will be transferred to Kansas City by U. S. marshal representatives where they will face charges of robbing the U.S. mails and forgery.

Baker allegedly admitted having "worked" the Buncheon area earlier this month and confessed that he cashed one of the stolen checks at Booneville, Sheriff Mann said.

A U. S. commissioner has set bond for Baker and Ambrose at \$1,000 each.

The pair is alleged to have rifled mail boxes over an area from Oklahoma to Illinois, taking more than \$2,000 worth of state and federal old age assistance checks.

When arrested the two were reported to be carrying two checks totalling \$1,509.75 made out by the American Telephone and Telegraph Co. Earlier it was reported that the pair allegedly stole AT and T checks from Columbia mailboxes.

Sheriff Mann stated that he has sworn a hold warrant for the pair under which they would be brought to Cooper county for trial after they are tried at Kansas City. Mann also said that it was possible that hold warrants for the two men also would be issued by authorities in Boone, Moniteau, Morgan and St. Louis counties as well as several counties in Illinois.

Baker, who has one previous conviction on a similar charge, was released from a federal prison in 1954 after having served nine months of a year-and-a-day sentence.

Mann added that Baker currently is wanted also in Milan, Mo., for alleged forgery.

## 'Daggers' Need Boost

## Air Base Explains Mechanics Of Boom Caused By Fighters

Central Missourians will possibly be hearing new aircraft noises since the 326th Fighter Interceptor Squadron of Richards-Gebaur Air Force Base arrived at Whiteman two weeks ago.

The 326th flies the Air Force's first supersonic fighter, the F-102 "Delta Dagger," capable of speeds of more than 900 miles per hour. The Squadron will train at Whiteman for the next two months while the Richards-Gebaur main runway is being repaired.

The F-102 has a powerful engine employing the use of an afterburner that produces considerable noise. Squadron officials explained the afterburner this way. They said the afterburner is a portion of the tail section into which fuel is injected and ignited along with the unburned gases from the engine, giving considerably added power to the aircraft. The lighting and extinguishing of the afterburner produces compression and decompression noises creating shock waves much like the sonic boom.

The shock waves will not cause any structural damages on the ground.

Residents of communities surrounding Whiteman will possibly be hearing these afterburner explosions during the F-102 operations at the base.

Lt. Col. Robert V. Spencer, 326th Squadron commander, said, "The F-102 is a noisy aircraft, but we're doing everything we can to minimize noise disturbances." He said, "Our traffic and flight patterns

have been planned to avoid the communities and only when the wind happens to be blowing in the right direction will anyone hear the afterburner."

The colonel pointed out that the F-102's penetrate the sound barrier too, but always at great heights. He said, "The sonic boom shock waves created when entering and leaving the sound barrier dissipate before reaching the ground from the great altitudes the squadron flies." He said, "All Air Force pilots must immediately report entering and leaving the sound barrier."

Scientific facts have proven the shock waves created by aircraft will not cause any structural damage to buildings or injury to the ears. Pressure from a sonic boom seldom creates more than five pounds per square inch. Experiments with large explosions show that 18 pounds per square inch is required to crack or break window glass.

One squadron officer said, "The noises of the afterburners and sonic booms really indicate aviation progress—it's a new sound and it's a sound of security and the defense of this country. The time to be concerned is when we don't hear these noises."

Mr. and Mrs. Charles L. Meyers, Jr., and daughter, Jan Beth, of San Antonio, Tex., are here for a visit with Mr. Meyers' mother, Mrs. C. L. Meyers, 900 South Harrison.

wood, back it up with a piece of scrap wood to prevent chipping as the bit breaks through.

Do — Finish fir plywood by first sealing it with a special undercoater made for that specific purpose, using the clear undercoater for transparent finishes, the white for pigmented finishes.

Don't — Forget that while most of the plywood sold is fir, there are many excellent varieties of hardwood plywood, including mahogany, walnut, birch, maple, oak and several others.

Do — Neglect the use of clamps to hold plywood securely while cutting it with a portable jig saw.

Do — Overlook the fact that while you can drive nails into the face of plywood close to the edges with no danger of splitting, nails will not hold well in the edges themselves.

Do — Plane plywood edges if you can avoid it, but if you have to, always plane toward the center, as moving the plane off an end usually causes chipping.
